How you may know when spectacles should first be used. If you are obliged to move small objects from the eye in order to see them distinctly. If you find it necessary to place the light between the object. If when considering a near object it appears to have a kind of mist before it. If the letters of a book run together and seem blurred or double. If the eyes are fatigued by close exercise and you are obliged to relieve them by rubbing or closing them. If black spots appear before the eyes or seem floating around them. If you find it necessary to half close the lids and hold small objects nearer the eyes than an inch. If you observe any of the above signs or signals of distress it indicates that the accommodating muscles of the eyes are no longer able to alter the shape of the lens so as to accommodate or focus rays of light coming from different distances and should claim your immediate attention. A contest with failing sight is hopeless and it is the part of wisdom to yield gracefully to the first summons of surrender.

7th DAY ADVENTISTS BIG MEETING

Their Camp at the Fair Grounds Now Has the Appearance of a Small City.

A visit to the fair grounds on Tuesday disclosed the fact that while the Seventh Day Adventists had not been creating much of a furor about the city, they had nevertheless been hard at work for several days past, and as a consequence there is abundant evidence of what they may accomplish here during the next two weeks.

Their camp, which now resembles a small city, is located a short distance southwest of the new school house, and is laid out in streets, and there are enough trees scattered about to give it a very pretty appearance.

F. F. Peterson of Baraboo has been here for several days superintending the erection of tents and there are now about one hundred set up in place and it is expected that more will be pitched before the meeting is well under way. They expect between 800 and 1,000 regular attendants at the grounds besides what daily visitors will be present from this vicinity.

The large assembly tent has been filled to its capacity with seats and will accommodate over 1000 people. In this the English services will be held, besides which there are smaller tents in which services will be held in German and Scandinavian. Then there are tents for youths and young people's meetings and kindergartens where daily sessions will be held.

Then there is a large tent to be used as a dining room where all those who desire to do so may secure their meals.

As the Adventists are strict vegetarians, all meals served will be of this class, and will be on the European plan, and the different kinds of dishes can be procured at 1c, 2c and 3c per dish. Anybody and everybody is invited to take a meal at the dining tent whenever they may feel so inclined and outsiders will be served at the same price as regular patrons.

The first service of the sessions occurs on Thursday evening at 7:30 o'clock and from then until the 25th instant regular services will be held three times a day, at 10:30 a. m. and at 2:30 and 7:30 p. m.

Among those who have been at the grounds for several days past are R. T. Dowsett, secretary of the Wisconsin conference of Seventh Day Adventists. Mr. Dowsett has been kept busy in checking up the large bulk of supplies as it has arrived. A grocery store is established at the grounds where those who desire may purchase their supplies and prepare it for use themselves.

Among those who will be present from abroad to address the different meetings are Elder W. C. Spicer, of Battle Creek, Michigan; A. G. Daniels, president of the general conference, of Battle Creek; Elder John Renshaw of Berrien Springs, Michigan; Prof. W. W. Prescott of Battle Creek; Dr. C. Farnsworth of Madison Sanitarium; Dr. David Paulson of Chicago and Prof. P. C. Magan, dean of the Emmanuel Missionary college at Berrien Springs. Besides the above it is expected that there will be about fifty conference laborers to assist in the work. Elder Westphal of College View, Neb., will have charge of the German services, and Elder H. R. Johnson of Battle Creek will conduct the Scandinavian worship.

The culinary department will be under the direction of Miss Edith Douglas and C. S. Bossert of Madison both adepts in the preparation of vegetable foods.

The Adventists number among their ministry some very fluent extemporaneous talkers and it will pay anyone to make the camp a visit, partake of one of their meals, and listen to a sermon. They are as nice a class of people as we have ever had congregated in our city and we should be pleased that they have seen fit to select this city a second time as their place of meeting.

Cranberry Meeting.

A meeting was held in this city on Sunday between W. H. Fitch, Charles Briere and John Gaynor, for the purpose of completing the arrangements for the summer meeting of the Wisconsin State Cranberry Growers association, which occurs at the experimental station on Tuesday next, August 19. The program for the day will be about as follows:

Dinner for members of the association, will be ready at 12:15. This feature will be under the supervision of Mrs. M. O. Potter and Mrs. Andrew Searles.

Report of Statistician Crane concerning the cranberry prospects throughout the United States.

Discussion and fixing of price for picking, both by hand and with rakes. An address on cost of production by President Briere.

Discussions of Canada fruit law by Judge John A. Gaynor.

An address by W. W. Wilson, section director of the weather bureau of Milwaukee, is expected to be present and give an address.

Prof. Whitson, agricultural physicist of the University of Wisconsin, is also expected to be present for a talk on the subject of interest to cranberry men.

The question box. This will be opened and queries that have been made will be discussed and when possible answered.

Those who contemplate attending the session are requested to communicate with one of the officers of the association, so that provisions may be made for their entertainment.

BILL POSTER GONE WRONG.

Leaves Town Between Two Days and is Still Missing.

There are several persons about town who would like very much to know the whereabouts of Charles Wood, the man who for several weeks past has been engaged in posting bills about town.

Wood came here this spring and caused quite a furor in the bill posting way. He bought lumber, made leases of ground and made contracts with several of our merchants for the erecting of signs about the country for advertising purposes.

This was all very well, and it showed great enterprise on the part of Mr. Wood, but in almost every case he failed to pay for what he got, while, whenever possible, he collected what money he had coming. This naturally was a good thing for Wood, but it showed up poorly on the books of his customers.

Among other little accounts that Wood had neglected to settle was his board bill at the Commercial House, where he had managed to run up quite an account.

Wood had lived at Stevens Point before coming here and was reputed by his acquaintances over there to be unreliable. Some even said that he shown evidence at times of being non compos mentis, but if his object when he came here was to beat our citizens, he was evidently sound enough to accomplish this result.

W. A. SCOTT KILLED

IS STABBED WITH PAPER KNIFE

Was Formerly a Grand Rapids Boy and Was Well Known in This Vicinity.

Word was received in this city on Saturday that Walter A. Scott of Chicago, a cousin to our townsman, William Scott, had been stabbed and killed by an engineer, although the particulars at the time were not known.

Later reports from Chicago confirmed the original telegram to the effect that Mr. Scott had met his death in the manner indicated, having been stabbed twice by a civil engineer named Stebbings with a paper knife, and dying from his wounds inside of half an hour.

The story of the killing as told by Stebbings is to the effect that he had been doing some work on the wire plant belonging to Mr. Scott, and the work being completed he had gone to Mr. Scott's office, which was just across the hall from his own in the Maradnock building, to arrange for a settlement for the work.

While there a dispute arose and Stebbings claims that Mr. Scott assaulted him and he picked up the paper knife to defend himself. During the scuffle that followed Mr. Scott was stabbed, although Stebbings claimed that he did not know when or how it occurred.

There were no witnesses to the affair except Mr. Scott's stenographer, who saw the last part of the scuffle and saw they were struggling and that Mr. Scott was stabbed, but could not tell which was the aggressor.

Mr. Scott was well known here, being born and raised here and was educated in this city, but went from here to Merrill, and for a number of years past has made his home in Chicago, where he leaves a wife and one child.

He was interested in the building of the Marshfield & Northwestern road, and later became practically the owner of the line before it was sold to the Wisconsin Central company, at which time he made frequent visits to this city. He was a son of the late T. B. Scott, whose name has been perpetuated in this city particularly by the endowment of our public library.

W. A. Scott was credited with being a millionaire and since the sale of his railroad had become interested in the manufacture of wire, having invested considerable money in this industry.

Helmich-Fritz.

Rev. D. C. Helmich of Freedom and Miss Amanda Fritz were married in this city on Wednesday at 2:30 o'clock, at the First Moravian church, the Rev. Edward Helmich, a brother of the groom, performing the ceremony.

They were attended by Miss Annie Fagel as bridesmaid and J. H. Winter of Pennsylvania was groomsmen. The young people will make a short wedding tour and will be at home to their friends after August 25th, at Freedom, Wis.

The groom was until a short time ago pastor of the First Moravian church in this city and formed many warm friends, while the bride is the only daughter of our fellow townsman, Charles Fritz, and is well and most favorably known in our city. The young couple have a host of friends who will join with the Tribune in wishing them happiness in their new home.

Charles Karberg Dead.

Charles Karberg, a resident of the west side, died on Saturday night from the effects of cancer of the stomach, after an illness of seven weeks.

Deceased was 46 years old and leaves a wife and six children to mourn his death, the latter being Eric, Alex, Irma, Lydia, Herbert and Hattie of this city.

Mr. Karberg was born in Germany and has been a resident of this city for the past 16 years. The funeral occurred on Tuesday from the German Lutheran church, Rev. Baum conducting the services.

WAS NEAR THE BARS

PRIEST & HOUSEKEEPER FINED

Escape with Light Punishment Compared with What It Might Have Been.

The famous case of the State of Wisconsin against Charles Jungblud and his housekeeper, Lizzie Nolan, was settled in this city on Monday by Judge Webb, who sustained the verdict of the jury in the case of Lizzie Nolan and fined her \$50 and charged her up with half the costs.

In the case of Charles Jungblud the court set aside the verdict of the jury, having found there was not sufficient evidence to sustain the charge. Then Jungblud pleaded guilty to the charge of assault and battery and was fined \$100 and half the costs of the suit.

It is probably needless to say that both parties were glad to pay their fine and get away, which they did the same day. Jungblud may be very thankful that he was tried before a man who looked only at the evidence introduced in the case and was not influenced in any way by sentiment or prejudice, as had this not been the case there is no question but what he would have got a penitentiary term.

There has probably never been a case in this section, in which no human life was involved, that attracted as much attention as this one, and there was no time during its progress that the court room was not crowded with spectators, both male and female, who listened to every word of the evidence with bated breath, and who had the two prisoners condemned long before the state had got well started on its case.

Beside the principals in the case, there were present on Monday attorneys James Wickman of Eau Claire, counsel for Jungblud, S. D. Evans of Prairie du Chien, counsel for Lizzie Nolan, and S. M. Marsh, district attorney for Clark county.

Picnic at Vesper.—On Saturday afternoon, May 30th there will be a basket picnic at Vesper by the M. W. A. Preparations are being made for a grand time, and among the attractions will be dancing afternoon and evening, exhibition drill by the Forester team, tug of war, wheelbarrow race, sack race, old man's race, boy's race, girl's race and 100 yard race for all. Prizes will be given in all the contests. Besides the above there will be a blue rock contest during the day with prizes for the winners. Refreshments will be served on the grounds and it is expected that there will be a great time.

Where is Fred?—Theron Lyon while fishing on Thursday last in the river near the N. W. bridge discovered a sack containing some clothes which aroused his curiosity. The package was taken out of the water and opened and found to contain clothing presumably at one time the property of one Fred Brighton as letters were taken from the pockets of an old vest which bore the address of Fred Brighton and signed "Mother" and "Brother" and dated Plainfield. It is probable that the bag was accidentally dropped in the river at some point where it was impossible to recover it.

Will Build Warehouse.—A representative of the Grand Brewing company of La Crosse was in the city on Friday, and it is the intention of the company to build a warehouse at this place and make Grand Rapids a distributing point for their beer in this vicinity. Heretofore their product has been shipped from Marshfield here, but as all of the product had to be shipped through here anyway, it was decided to be better to put in a warehouse here, and make this a distributing point for a number of the towns in this vicinity.

Furniture Stock Sold.—John McGloin last week sold his furniture stock on the east side to Mohr & Herrig of Wall Lake, Ia. and those gentlemen immediately began a sale of the stuff in order to get rid of as much as possible after which the remainder will be packed and shipped to Iowa. Mr. McGloin has purchased from Messrs. Mohr & Herrig a grist mill located at Wall Lake, which he expects to operate, and as soon as his business is closed up here he will remove to that point with his family.

Charged with Selling Liquor.—Will Mongan and G. C. Knight of Dexterville were brought to this city last week charged with having sold liquor without a license. Mongan and Knight had each been running saloons at Dexterville before the place became a temperance town, and after this they continued to run temperance saloons. It is claimed that they have both been selling intoxicants. The case comes up for trial on the 21st instant.

Bids Opened.—There were three bids in for the reconstruction of the bridge when the committee opened them on Tuesday. One was from the Modern Steel Structural Co., of Waukesha, one from the Hennepin Bridge Co., of Minneapolis, and one from the American Bridge Company of New York. The contract was not awarded on Tuesday as all of the bids were above the estimate, but it is expected that an understanding will be reached today.

Will Visit the Dells.—A party consisting of Mr. and Mrs. C. E. LaVigne, Miss Maurine Johnson, Miss McGrath, E. J. Whitney and Charles Poinville started down river on Tuesday with the intention of making the trip to the Dells in boats. They will be gone about a week and should the weather prove favorable there is no doubt but they will have an enjoyable time.

New Factory.—Work was commenced this week on a building near the MacKinnon plant which will be used for a wagon factory when completed. A stock company has been organized, the incorporators being F. MacKinnon, John Schnabel and B. Metzger, and the capital is \$4,000. Mr. Metzger will manage the plant. Two months will probably elapse before operations will begin.

Arrested by Game Warden.—S. Rawson was arrested by Game Warden Geo. Brown on Thursday charged with having in his possession the carcasses of five prairie chickens. When brought before justice Brown pleaded not guilty, and the state asked for a continuance until the 15th instant which was granted. The bonds were fixed at \$100.

May Organize Company.—It is reported that a party will be here in the near future to organize a military company in this city. The report is that there are soon to be several vacancies in the national guard caused by the withdrawal of companies, when companies that were already organized would have a chance to go in.

Laying Sewers.—Work was commenced last week on the large sewer that empties into the river near Daly's drug store, and as a consequence the main street on the east side has again been torn up. Some people have begun to wonder if our streets are ever again to resume their normal condition.

Cut His Wrist.—Andy Curtis of Merrill, a shingle sawyer employed in the mill of the Grand Rapids Lumber Co., cut his wrist in such a manner on Monday that he was obliged to stop work. The accident will probably lay him up for a couple of weeks and he is spending the interval at Merrill.

Charged with Larceny.—Dora Keowash was arrested on Tuesday by Officer Garihece, the girl being charged with stealing a wheel from Geo. Krieger. She was brought before Justice Brown and pleaded not guilty and the case was postponed until the 14th.

In Justice Court.—Joe Schloskey and Thomas Stack were arrested and brought before Judge Brown on Monday on a charge of drunk and disorderly. The judge made it \$2 and costs, amounting to about \$5.50 each.

Dancing Party.—The ladies will give a social hop in the Forester Hall on Thursday evening August 21st. Tickets 50c. Ice cream and cake will be served during the evening. A cordial invitation is extended to all.

Cost Her \$7.64.—Mrs. A. Petrick had her domestic arrested on Thursday for stealing some household articles and the girl pleaded guilty when judge Brown made it \$2.00 and costs, amounting to \$7.64.

Jury Disagreed.—Carl Madsen was before Justice Geits on Friday on a charge of assault and battery. The jury disagreed and the case will be tried again on the 26th instant.

Base Ball at Nekoosa.

The Grand Rapids team went to Nekoosa on Sunday and played a game with the Papermakers that resulted in a complete shut out, the score standing 11 to 0 in favor of Grand Rapids.

The game for Grand Rapids was pitched by Oscar Bandelin, and his twirling seemed a mystery for the Papermakers. The Nekoosa team also has a new pitcher who played a very good game but the home boys managed to get an occasional hit off from him. The game was a good one and was enjoyed by the large crowd of spectators that attended.

To Whom It May Concern.

In the growing popularity of the annual convention of the Wisconsin State Cranberry Growers' association of which the dinner is one of the important features, it behooves all who attend to do their full share in providing for same that the supply may be ample for the demand and thus relieve the lady managers of any anxiety on that score. Any one desiring any information can telephone Mrs. M. O. Potter or Mrs. Andrew Searles.

Remington Drainage Case.

The Remington drainage case is now in progress before Judge Webb and a jury of twelve men. Several of the parties in the suit have been settled with, including the town of Remington but there were enough hung out so that a suit could not be avoided.

Mrs. George Waterman.

Mrs. Geo. Waterman died at her home on the east side on Monday from a cancer, at the age of 44 years. Deceased leaves a husband and three children to mourn her demise. The funeral was held this afternoon.

—Mr. Charles Theobald an electrician with the Lincoln Light and Power Co., Lincoln, Ill., says: "I am occasionally troubled with severe headaches, the result of constipation and have at numerous times used Re-Go Tonic Laxative Syrup, which I think is the most satisfactory in its results of any medicine. It moves the bowels naturally and promptly without pain or griping, and certainly cures the headache caused by constipation. We always give it to our children to regulate and correct any bowel troubles." Sold by Sam Church, druggist.

KING EDWARD IS CROWNED

Long-Delayed Ceremony Takes Place in Westminster.

A MAGNIFICENT AFFAIR

Archbishop of Canterbury Has Faint-
ing Spell at a Very Critical
Moment.

London, Aug. 9.—King Edward and Queen Alexandra were crowned in Westminster Abbey shortly after noon today. Though the ceremony was bereft of some of the elaboration and pageantry originally contemplated, it lacked little in the way of spectacular perfection. The whole ceremonial was of a magnificently decorative character and presented a constantly changing panorama around the two central figures enthroned in their rows of velvet, ermine and cloth of gold, amidst the distinguished assemblage of actors, the fulfillment of

KING EDWARD.
whose various roles necessitated constant movement.

Seats Begin to Fill.
The doors of Westminster abbey were scarcely opened and the gold sticks and ushers had barely found their stations before the seats began to fill. Peers and peeresses swept up the nave, their scarlet and ermine making vivid contrasts with the deep blue of the carpet. As they arrived before the throne they separated, the peers going to the right and the peeresses to the left.

The ceremonies commenced with the consecration of the regalia. The procession clergy with the regalia then proceeded from the altar to the annex, all present standing up and the choir singing, "O, God, Our Help in Ages Past." Proceeding the regalia came the boys of Westminster abbey, followed by the children of the Chapel Royal and the choir in royal uniforms.

Cheers for the Queen.

The Archbishop of Canterbury took his seat in front of the coronation chair and the Earl of Halsbury, the lord high chancellor, seated himself by his side. Several minutes elapsed, however, before the King and Queen came in sight of those gathered about the throne. Suddenly "Vivat Alexandra!" was shouted by the boys of Westminster, and the Queen, walking slowly to the left of the throne, gained her chair and knelt at a silver prie-dieu, her magnificent train of cloth-of-gold being lifted out of her way by six scarlet-coated pages.

Two or three minutes later came the hoarse cry from the Westminster boys of "Vivat Rex Edward!" with blasts from trumpets. Yet there was another wait.

Glittering Array of Gold Plate.

The various chairs to be used by the King and Queen in the service attracted special attention, but what inevitably caught the eye was the glittering array of gold plate brought from various royal depositories, ranged along the chancel and behind the altar. Amidst these surroundings the marshal, the Duke of Norfolk, resplendent in white lace brooches and heavily embroidered coat, hurried to and fro, directing the final touches.

By 10 o'clock the interior of the abbey presented a blaze of color. Along the nave, which was lined by grenadiers, every chair was taken up by high officers of the army and navy and others in equally handsome equipment.

On top of the arch separating the nave from the chancel sat the simplified orchestra. In stalls within, with the other ambassadors, were the United States ambassador, Joseph H. Choate, and Mrs. Choate and many officials.

During the long wait Edwin A. Abbey, the American artist, who was commissioned to paint the coronation scene in the abbey and who wore court uniform, took careful note of the surroundings for the historic picture ordered by the King. The peeresses took advantage of the long interval to stroll up and down, but the peers sat solidly awaiting the arrival of the sovereign, their ermine caps presenting a solid mass of white.

Receive the Communion.

Again the King and Queen knelt and the Archbishop of Canterbury walked to the altar and commenced the communion. While the gospel was being read the King stood erect, supported on each side by the bishops in their heavily embroidered copes. During the singing of the creed all the members of the royal family turned eastward. Both King Edward and Queen Alexandra followed the service carefully, frequently looking at the copies of the service which they held in their hands.

The administration of the oath followed. Standing before the King's chair, the archbishop asked:

"Sir, is your majesty willing to take the oath?"

The King answered in firm, strong tones: "I am willing," and his reply being easily heard high up in the triforium near the roof.

King Takes the Oath.

The Archbishop—Will you solemnly promise and swear to govern the people of this United Kingdom of Great Britain and Ireland, and the dominions thereunto belonging, according to the statutes in Parliament acted on, and the respective laws and customs of the same?

The King: I solemnly promise so to do.

The Archbishop—Will you to your power cause law and justice, in mercy, to be executed in all your judgments?

The King: I will.

The Archbishop—Will you to the utmost of your power maintain the laws of God, the true profession of the gospel, and the Protestant reformed religion established by law? And will you maintain and preserve inviolably the settlement of the Church of England, and the doctrine, worship, discipline and govern-

WALTER SCOTT IS KILLED

President of Illinois Steel Wire
Company Stabbed to Death.

RESULT OF A QUARREL.

Civil Engineer Walter L. Stebbings Called
Scott a Liar and a Bloody
Scoundrel Followed.

Chicago, Ill., Aug. 9.—Walter A. Scott, president of the Illinois Steel Wire Company, was stabbed to death in the Monomack building today by Walter L. Stebbings, a civil and consulting engineer with offices in the same building. Stebbings used a paper knife, stabbing Scott twice.

The stabbing occurred in Mr. Scott's private office. Mr. Stebbings had done some work for the Illinois Steel Wire Company, over which there had been a dispute. The two had a quarrel and Stebbings, it is said, called Scott a liar. There was a scuffle and the two burst from the private office with blood flowing from Scott's wounds. Stebbings made no attempt to escape.

Claim of Self-Defense.

Stebbing, when arrested, said he had struck Scott in self-defense and that he had not intended injuring him seriously. The fight was witnessed by Miss Myrtle Shumate, a stenographer in Scott's office, who ran screaming into the hall. Occupants of other offices notified the police who placed Stebbings under arrest.

According to Miss Shumate's story, the two men were in Scott's private office for nearly an hour disputing over a claim for \$3000. Suddenly the door was thrown open and the men staggered into the other office, kicking each other and using their fists. Stebbings held the long steel paper knife in his right hand and the weapon could be seen flashing as the men struggled. Suddenly Stebbings struck Scott in the body. The blow was repeated a moment later. Scott staggered backward and finally fell to the floor. He died within half an hour.

Says Scott Struck Him.

Mr. Scott was 43 years of age and lived at the Virginia hotel. He leaves a widow and one son, who are at present in the East. Mr. Scott was recently president and owner of the Marshfield & Southern railroad, and owner of the Scott Lumber Company and controlled a large amount of real estate. He was reputed to be a millionaire.

When Told Later That Scott was Dead,

Stebbing turned pale. He was a policeman caught him he would have fallen from his chair. Finally he controlled himself enough to speak.

"Dead," he exclaimed, "I cannot realize it. I did not intend to kill him. I was going to get a letter with the paper knife. He struck me. I hardly know what happened after that. I did not even know that I had stabbed him. I thought I had only knocked him down."

BADLY DEFEATED.

Many of General Nord's Soldiers Killed
and a Great Number Taken
Prisoners.

Cape Haytien, Aug. 9.—Gen. Albert Salnave, commandant of the Artibonite troops, has defeated the army of the provisional government under Gen. Nord at Nimbe, capturing Gen. Nord's cannon and munitions of war. Many of Gen. Nord's soldiers were killed and a great number taken prisoners. Gen. Salnave continues his march on Cape Haytien, an attack on which is hourly expected.

Washington, D. C., Aug. 9.—The navy

department this morning received the following cablegram from Commander McCrea of the gunboat Machias, dated Cape Haytien, August 9:

"Haytien gunboat handed force Cape Haytien on Friday afternoon. An engagement is hourly expected. Ready to fight."

Instructions to McCrea.

Commander McCrea yesterday received special instructions to prevent the cutting of the cable of the United States and Haytian Company. This is not a French company as referred to yesterday, but is purely an American company, being part of the Commercial Cable Company's system. The Machias has a complement of about 130 men, and could land a force of about fifty men all told. A cable rapid fire gun, which she has aboard could be sent ashore with a landing party. The Machias has eight 6-pounders and two 1-pounders in her secondary battery, all rapid fire, and under the threat of these guns it is quite unlikely that either the Haytian garrison or Gen. Firmin's force ashore would care to make an issue.

Acting Secretary of the Navy Darling today sent the following cablegram to Commander McCrea of the Machias:

"Your actions are approved. Cutting cable or interference with other than Haytian interests not to be tolerated."

TOOK THE FIRST PRIZE.

Janowski, Parisian Expert, the Winner
in International Chess Masters'
Tournament.

Hanover, Aug. 9.—By beating Wolf in the morning sitting of the international chess masters' tournament, the Parisian expert, Janowski, made one of the first prize, having reached a total number of 124 points, which none of his competitors for first honors can reach.

While Janowski was beating Wolf in the morning sitting, Teichgraber made short work of the Dutch amateur, Olland. Pillsbury worsted Marshall, Bardeleben and Gunsberg drew, the rest of the games being adjourned in even positions.

Pillsbury is next to the leader with 11 points and Atkins stands third with 10 points.

HARRY TRACY'S BODY.

Taken Back to Salem Under a Guard of
Five Men.

Portland, Ore., Aug. 9.—The body of Harry Tracy, enclosed in a pine box, was on a baggage car truck at the Union station. It is guarded by three of the five men who fired the shots which subsequently caused Tracy to take his own life. The body will leave for Salem today. The guards carry with them the famous 20-30 rifle with which the convict died so suddenly execution and which will be given to Gov. Geer.

Warehouse Theft Traced.

Monroeville, Mich., Aug. 9.—[Special.]—Fred Schramm of this city and Angus Peterson and William Tindlow of Chicago are under arrest here charged with the largest and most valuable theft of the year in the history of the Crosby Transportation Company. The police believe they have broken up a gang that infested the old Crosby warehouse. Schramm seems disposed to tell all he knows.

ARE ORDINARY TRAMPS.

BURLINGTON TRAIN HOLDUP SUSPECTS ARE NOT RIGHT MEN.

Gus Hyatt, Who Escaped from Nashville Prison, is Believed to Have
Led the Gang.

St. Paul, Minn., Aug. 8.—The five men arrested here last evening on suspicion of being the Burlington train robbers prove to be ordinary tramps. Nothing about them indicated that they are bad men, and Chief of Police O'Connor says the idea that they had anything to do with the robbery. He says they would not travel together if they were, and he believes the robbers have gone back to Chicago.

Chicago, Ill., Aug. 8.—Gus Hyatt, who escaped with fifteen other convicts from the Nashville (Tenn.) penitentiary last Monday night, is now sought as the leader of the train robbers who held up the Burlington express at Savanna, Ill., twenty-four hours after the escape.

At St. Paul, Minn., five men who are suspected of complicity in the robbery are under arrest. They were taken in a body as they alighted from a Great Western train. They gave their names as George McKinnon, H. D. Coleman, Henry Lee, F. B. Johnson and William Dunn. Steps have been taken to ascertain whether these men or any of them can be identified as escapes from the Tennessee penitentiary.

THOMAS IS HANGED.

Pays with His Life the Penalty for Kill-
ing Carrie Larson—An Effort
to Get Reprieve Fails.

Chicago, Ill., Aug. 8.—Lewis G. Thomas was hung at 11:20 a. m. today for the murder of Carrie Larson.

Thomas went to the scaffold without a tremor. He made a short statement, in which he protested his innocence and expressed confidence that his name would be cleared of the crime attributed to him. The body hung thirteen minutes and death resulted from strangulation.

Convicted of Horrible Crime.

The crime for which Lewis G. Thomas paid the death penalty was that of the murder of Carrie Larson on the night of December 30, last year. Thomas was cook of the steamer Peerless and had hired the young woman to assist him on the boat, which was lying in the harbor in the Chicago river. The only other occupant of the boat was Robert Keissig, a constable. It was the story of Keissig that convicted Thomas of one of the most horrible crimes ever discovered in this city. Late at night Thomas had come to the steamer and had tried to force his way into the young woman's room. Failing in this he started her to cook him a meal. As she started out to comply Thomas strangled her, mutilated her body horribly and then compelled Keissig, who was an unwilling witness, to help him bury the body under the ice in the river. Several days after the boy Keissig ran away to the police, fearing for his own life, and told the story which resulted in the recovery of the body of the woman and Thomas' conviction. Two trials were held. In the first, two brothers on the jury held out for absolute acquittal. The verdict in the second trial was rendered after a deliberation of only twenty minutes. One stay of execution was granted and the supreme court was appealed to for a supersedeas, which was refused.

PANAMA CANAL TITLE.

Attorney-General Knox will Study the
Subject During Visit to
France.

Oyster Bay, N. Y., Aug. 8.—President Roosevelt was exceptionally busy for several hours today disposing of an accumulation of public business. By luncheon time, however, he had cleared away the mass of official correspondence and was ready to receive the attorney general and Mrs. Knox, who arrived from New York about noon. They will be the guests of the President and Mrs. Roosevelt until tomorrow.

It is understood that Attorney-General Knox will sail shortly for Europe, where, in France, he will devote some personal attention to the Panama canal question. It is quite probable now that the proceedings looking to a determination of the title of the new Panama Canal Company to pass a clear title of the property to the United States will be conducted in the French courts.

While the administration is anxious to have the matter passed upon as soon as practicable, the question of time will be secondary to that of certainty that the United States will have no trouble with the stockholders of the old Panama Canal Company if the property and rights of the company should be acquired by this country under the Spooner act. The President, upon whom the responsibility rests, will take no chances upon the results of extended litigation in which the United States might become involved if the property of the new Panama Canal Company were purchased before it had been determined judicially that the company possessed the absolute right to convey a clear title to this country.

WILL MUTILATE MINERS.

Foreign Strikers Said to Have De-
cided Upon a Plan.

TO CUT OFF AN EAR.

Alleged Scheme to Prevent Any Man Re-
turning to Work in Pennsyl-
vania Mines.

Shenandoah, Pa., Aug. 8.—Foremen now propose to cut off an ear of men who go to work in or about the mines against their orders, thus marking them for life as "untouchable." This information was conveyed to Rev. Charles Edwards, pastor of the Presbyterian Church here, today by a number of young men, members of his congregation, who are miners and in a position to know the facts. It is said the foremen have decided that this will be the best method of preventing any attempt to break the strike.

A meeting of Protestant ministers of this section, who are interested in the spiritual welfare of the foreign population, was held here last night, and after the regular business had been disposed of, Rev. Mr. Edwards, who has made a scientific study of the characteristics of the foreign-speaking people in the coal region, delivered an address in which he said that within a radius of six miles of Shenandoah there are approximately 30,000 foreigners who came from the northern part of Austria-Hungary. Of these 17,000 are Lithuanians, 8,000 are Poles, 5,000 Ruthenians, 1,000 Slovaks and 400 Bohemians. The Lithuanians are considered the most intelligent among them.

Gen. Gobin Sends Soldiers.

Shenandoah, Pa., Aug. 8.—Gen. Gobin today sent a platoon of cavalry to the mining settlement of Turkey Run for the purpose of making a demonstration in that vicinity, which is populated mostly by foreigners. The general had received information that the families of non-union workmen are constantly annoyed by strikers and their houses stoned. The cavalry returned after staying a short time. The firing of pistols and rifles during the night continued, but the firing never occurs in the neighborhood in which the guardsmen are stationed and the military officers in consequence are unable to locate it. Gen. Gobin says there is a great number of mischievous people prowling around the region at night who probably shoot off firearms for no other reason than to scare someone.

Troops Guard Prisoners.

Joseph Lubwicz, the butcher, and Matthew Paularkas, the one-armed saloonkeeper, who are charged with the murder of Joseph Reddick, in the riots of last week, were given a hearing today and formally committed without bail to the county jail at Pottsville. They were taken to the Pennsylvania station under guard of the troops and left for the county seat at 2:10 p. m. Joseph Wenczkowski, who is charged with rioting, was released on \$2000 bail.

Mitchell Won't Go to Michigan.

Wilkesbarre, Pa., Aug. 8.—President Mitchell of the United Mine Workers said today that he would not go to Michigan to take part in the conference between the coal operators and the striking miners. He said it would not be necessary for him to make the trip, as he had received assurances that a settlement satisfactory to both sides would be reached shortly.

Mother Jones of West Virginia arrived in town last night and had a conference with President Mitchell today.

E. B. Loomis, vice president of the Delaware Lackawanna & Western Company, who has been making a tour of the strike region with a view of repairing actual conditions as he finds them, to the presidents of the coal carrying railroads, has completed his mission and will probably make his report at a meeting to be held in New York tomorrow.

Baraboo Employees Walk Out.

Baraboo, Wis., Aug. 8.—[Special.]—Several men employed at the Chicago & North-Western shops, repairing trucks, walked out today. They claimed their wages are insufficient.

A FERRYBOAT BURNED.

Caught Fire from an Overturned Lamp
and Totally Destroyed—No
Fatalities.

New York, Aug. 8.—An overturned lamp in the engine room of the ferryboat New Brunswick, plying between New Brunswick, N. J., and New York, set fire to the boat, and so rapidly did the flames spread that the vessel had to be beached on the Meadows, about three miles below New Brunswick, and allowed to burn to the water's edge. The boat carried a crew of twenty-three men and there were sixteen passengers aboard.

Capt. George F. Rogers of Brooklyn gave orders that the lifeboats should be lowered when it became apparent that the flames could not successfully be fought, and the passengers were taken ashore so speedily that there was no excitement. The engine room, the boiler, and the stokehold of the boat, which was badly burned about the face and hands. Two watchmen were pushed overboard and swam ashore unharmed. The vessel was valued at \$100,000, partially insured.

MYTHICAL TREASURE WAS NOT FOUND.

Cocos Island Expedition Fails Because
Gold-Finding Instruments Did
Not Work.

Victor, B. C., Aug. 8.—The elaborately outfitted expedition which set sail from here early in January on the brigantine Blakely, to search for the mythical treasure of Cocos Island, has returned. Like other expeditions which have visited the island, without having seen a sign of the treasure of any kind. The expedition was an utter failure. The instruments which were to locate the supposed buried treasure failed in all instances except in giving the members of the party a lot of work in digging in different parts of the island. After repeated failures it was discovered that the instruments could not even locate gold coins purposely buried in the beach sand. Capt. Blakely said: "Whidden still believes that the treasure is there, but place no confidence in the instruments."

CHICAGO WILL CONFER DEGREE ON PRESIDENT.

University Has Decided to Make Roose-
velt a Doctor of Laws on
October 3.

Chicago, Ill., Aug. 8.—The degree of LL. D. will be conferred upon President Theodore Roosevelt by the University of Chicago on October 3. A special convention will be held in order to confer the honor and the day will be made a gala occasion. The university officials are determined to entertain the President as royally as he was at Harvard in June, when the degree of doctor of laws was conferred upon him by that institution. The President will arrive in Chicago about 8 o'clock and may be present at the laying of the corner stone of the new building for the Industrial Arts League.

CREATES A SURPRISE.

Frank C. Andrews' Defense Suddenly
Rests the Prisoner's Case in De-
troit Bank Matter.

Detroit, Mich., Aug. 8.—The defense in the Frank C. Andrews trial created a mild surprise at the opening of court today when they announced that they had no more witnesses to rest. It had been expected that the defense would produce one or two more witnesses today. The presentation then began to put in its rebuttal testimony, several witnesses being examined as to the appraisals made of real estate turned over to the wrecked bank by Andrews.

WAREHOUSE THEFT TRACED.

Monroeville, Mich., Aug. 9.—[Special.]—Fred Schramm of this city and Angus Peterson and William Tindlow of Chicago are under arrest here charged with the largest and most valuable theft of the year in the history of the Crosby Transportation Company. The police believe they have broken up a gang that infested the old Crosby warehouse. Schramm seems disposed to tell all he knows.

TWO WOMEN MURDERED.

CHICAGO POLICE HAVE STRANGE
MYSTERIES TO SOLVE.

Bodies of Two Unknown Females Found
—One was Richly Dressed, the
Other Nude.

Chicago, Ill., Aug. 8.—A murder mystery that last night set at naught all the skill of policemen and detectives is woven around the finding of a woman's body on the prairie at State and Seventy-fourth streets. The body, which was badly decomposed, was apparently that of a woman 35 years old. The corpse was found 10 feet east of State street near Seventy-fourth street in a lonely locality two or three blocks from any house. The discovery was made by a 12-year-old boy named Rollin Bolgen, who lives at 119 West Seventy-second street.

Not a stitch of clothing was found on the body. Appearance, the police say, indicate that the body was brought to the prairie from some distant part of the city and thrown in among the underbrush out of sight.

The woman had long black hair, but the skull was bare in places. The body had evidently lain on the prairie for two weeks or longer.

The body of an unidentified woman was found early today in a ditch near the Chicago & North-Western railway tracks near Mayfair station. There was considerable jewelry on the body, which was well dressed. No marks of violence were found. The police are inclined to the belief that death may have resulted from an accident, but the discovery of this body following so closely upon that of the nude body of a woman last night has led to an investigation on the theory of murder.

THIRTEEN ARE KILLED.

Disastrous Explosion in Mine Near Trini-
dad, Col., Causes Terrible
Loss of Life.

Pueblo, Colo., Aug. 8.—A special to the Chicago from Trinidad says: A disastrous explosion occurred last night at No. 3 mine at Bowen, a small camp about ten miles northeast of this place. Thirteen lives are known to have been lost. The exact number of men working on the night shift and in the mine at the time of the explosion is unknown. The mine is operated by the Union Coal Company of Denver and is a slope mine, situated on the mountain side and about 400 yards from the tipple below. The explosion occurred about 800 feet from the mouth of the slope and was caused by fire damp.

Immediately after the night shift had started in the slope, a startling explosion occurred, entirely filling the mouth of the slope with debris and shaking buildings and breaking windows for a mile distant. The mine is filled with gas and smoke and the rescuers are afraid of fire damp and are unable to stay in the mine long. Mothers, wives and children of the dead and injured miners are almost crazed with grief and the scene presented at the mouth of the mine is a most pathetic one.

The known dead are:

JAMES HUNTER, machine runner.
TILDEN WINSFELD, colored helper.
MIKE CASSIDY, blown to pieces.
JOE GORDON, colored driver.
JOE BARTCH, machine runner.
THOMAS KIRKMAN.
FRANK GROUT.
WILLIAM ELLIOTT.

The powder house in the mine, usually containing 1000 pounds of powder, blew up, causing great disaster. The general belief is that the entire mine has been ruined, and if not it will take months to get it in working order again. The rescue party is pushing forward with all possible speed and before many hours the exact number of lives lost and the total amount of damage can be determined.

The rescue party at the Bowen mine was compelled to suspend work at 1 o'clock this morning, owing to fire damp. At that hour the bodies of eleven dead had been recovered. There were at least thirteen men in the mine at the time of the explosion, and all undoubtedly were killed. No gas has ever been discovered in the mine and it is the opinion of the officials that the accident was caused by a premature shot.

UNCLE SAM ACTS.

United States Will Prevent Cutting of
the Cable at Cape Haytien—
To Protect Interests.

Washington, D. C., Aug. 8.—The United States and Haytian Telegraph and Cable Company has appealed to the state and navy departments here to prevent the cutting of its cable to Cape Haytien. According to information received by the cable company in New York the Haytian gunboat Crete-a-Perrot, which is under the command of Admiral Killeck, who has allied himself with the revolutionary government under Gen. Firmin, intends to sever the company's cable between Cape Haytien and New York.

Acting Secretary of the Navy Darling held a conference over the matter and decided that it was proper for this government, in the protection of the international interests involved, to issue the instructions to Commander McCrea of the gunboat Machias directing him to prevent the cutting of the cable.

WILL PLANT FLAG AND MAINTAIN IT.

Marcus Island will be Held by the
Americans Until Compelled to
Haul Down Emblem.

Honolulu, via San Francisco, Cal., Aug. 8.—According to the Honolulu men who are interested in the Marcus island gun expedition against which Japan has sent a war vessel as reported by the last advice received from the states, the vessel which left here for the island carried a complement of Mauser rifles, and her captain had instructions from the company to plant the American flag on the island and keep it floating until compelled to haul it down.

TIN PLATE PLANTS CLOSED INDEFINITELY.

Refusal of Workers to Accept a Reduc-
tion of Wages is Given as
the Cause.

Pittsburgh, Pa., Aug. 8.—Of the twenty-eight plants of the American Tin Plate Company, operating 274 mills, fifteen plants, with a capacity of 123 mills, have been closed indefinitely. Those suspensions have followed the refusal of the tin plate workers to accept a reduction in wages in order that export business to the amount of 1,500,000 boxes might be obtained, but it is announced that the shutting down of the works is due to a lack of trade.

REFUSES PLEA OF RUSSIA.

England will Not Take Part in Confer-
ence on Sugar Issue.

London, Aug. 8.—The London Daily Mail's St. Petersburg correspondent writes that the British government has replied to the Russian circular declining to take any part in the proposed conference on the sugar question and reaffirming its reasons for regarding the regulation by Russia of its home sugar industry as a system of indirect bounties.

Of a Political Nature.

It begins to look as though the republicans had got a trifle mixed on the sheriff matter in this county. Several parties in the south end of the county were led to believe that they were the choice of the party leaders and as a consequence they have been doing some missionary work, with a view to getting the money back after the votes were counted next fall.

Now it develops that the party leaders didn't know what the other fellow was doing at all, and the consequence is that John Ebbe from the north end of the county has appeared on the scene as a prospective candidate and it is understood that he will be the man to get the nomination, owing to the fact that the balance of the ticket comes from the south end of the county. The proverbial honor among thieves does not seem to cut much figure with the party leaders on that side of the fence.

It has been rumored about town that Will Brown of Pittsville will be a candidate for the nomination for the office of clerk of court on the Republican ticket. If he is looking for anything of the kind he is very quiet about it, however, and it may be only a false alarm.

Double Taxation.

Farmers all over the county are up in arms against the proposition and imposition of double taxation. Many of them have bought their farms on a basis of a mortgage and according to the present tax laws they will be taxed the full value of the farm as well as the man who holds the mortgage. A case in point might be cited. Here is a man say in Gibson, who sells his farm for \$4,500. He receives \$1,000 in cash and holds the balance under a mortgage. The tax assessor comes along and taxes him on the basis of \$4,500, and as soon as this assessment is made he finds the farm and proceeds to tax the farmer on the basis of another \$4,500, thus making the farm bear a mortgage of \$9,000 though its actual worth is only \$4,500.

The present governor is responsible for this iniquitous working of the law. He refused during the session of the last legislature to sign the Frost bill which aimed at destroying double taxation. As a matter of fact he vetoed the bill. Can any Democrat, any farmer or any voter of any kind support Mr. La Follette in his efforts to be re-elected to the high office of governor.—Manitowoc Pilot, Democratic.

The following pointed criticism of the La Follette taxation scheme is from the pen of Capt. J. N. Stone of the Neenah Times:

"Gov. Robert M. La Follette has been posing as a great reformer, with statesmanship and wisdom as a state executive, and an expert in the matter of taxation. But while Gov. La Follette's war cry has been to 'tax the railways,' his law has virtually exempted these corporations but doubled the taxes on individuals. He had a law enacted creating an un-called for office, that of supervisor of assessment for each county, an expensive, unnecessary arbitrary official. The result has been to increase the taxes of the poor man or man of moderate means, while the giant corporations are left off with a nominal raise—if any. This is what La Follette calls 'reform.' The Germans of Manitowoc cried aloud against his palpable injustice, and that and other cities, including Neenah, have passed resolutions virtually declaring Gov. La Follette's 'reform' scheme of taxation a fake and visionary, and calculated to work against the interests of the state of Wisconsin by driving capital therefrom. The law is one that operates as a reward to the bold and unscrupulous, and to punish the honest and helpless. It is a burden on the aged and dependent. It is a 'reform' law with a vengeance. The law is impracticable, and it is no wonder that the people are awakening to its iniquities. The tax payers are studying this piece of 'reform' taxation, and the more they study it the more determined they become to wipe out the law and its author. This is a question that concerns every man, woman and child in Wisconsin, as all must suffer from a law imposing an unjust tax on the poor and middle classes."

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker of Bookwaver, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by Johnson & Hill Co. and Wood County Drug Co.

Library Notice.

Miss Rablin, the librarian at the Scott Free Library, wishes it known to all patrons of that institution that after September 1st cards will not be transferable. That is, you cannot draw a book on a card belonging to a friend. This action has been made necessary on account of the trouble that is often occasioned by a book being taken out on a borrowed card and if the book becomes overdue the notice of the delinquency goes to the owner of the card and not to the party who has the book. This naturally causes trouble and has led to the discontinuance of transferring cards as noted above.

SUPERVISOR OF ASSESSMENTS

His work being got into shape for the Board of Supervisors.

We called at the office of Attorney J. W. Cochran recently in quest of such information as he might be willing to give out concerning the work of his office as Supervisor of Assessments for this county.

We were very much interested in the record which he is preparing in the nature of an Abstract of Assessments.

Mr. Cochran procured from the county clerk at the beginning of his term, an unused volume of records called "Abstract of Tax Sales" and with very little modification, erasing the word "Tax Sales" and inserting the word "Assessments" over each column he has constructed a very convenient book, of double pages ruled for twelve years work, wherein he has inserted every description, except city and village lots in the county, each town by itself, and at the commencement of each town a full and complete map of the same.

Opposite each description and beginning with the year 1900, he has inserted the assessors valuation of each quarter section of land in the county.

Before the next meeting of the County Board of Supervisors the book will contain three years assessments opposite each description beginning with the year 1900, 1901 and 1902. With blank column left for nine years to come.

There is also a blank space of two lines between each of the descriptions for notes as to character of soil, lay of the land, nature of improvements, etc.

The law creating the office gives the supervisor of assessments access to all records, file books and papers in the county and requires him to visit each town and assessment district personally at least once in each year and contemplates that he shall thoroughly qualify himself to such an extent as to be able to make a re-assessment of any town, city or village in the county if ordered to do so by the county board. To that end it can be easily seen that this Abstract of Assessments will be of great value and assistance to such officer as well as to the County Board of Supervisors and the committee on equalization.

We were also shown the type written lists of mortgages recorded in this and other counties which are owned by residents of this county and assessable here. Duplicate copies of these lists have been furnished to the several assessors and Boards of Review of the assessment precincts where the owners reside. As a rule the lists contain full information as to each security; name of owner, name of maker, date of mortgage, volume and page of record and the amount.

The work of the office also involves an extensive correspondence, not only with the different Supervisors of Assessments throughout the state, but also with the several assessors in the county and with the State Tax Commission. All of which correspondence is properly indorsed, dated and filed away in its order.

Mr. Cochran has also visited since the middle of May last, every town, city and village in the county, some of them more than once and has driven over and personally inspected some sections of the county which only a few years since was a complete wilderness.

He has also met with several of the different Boards of Review and finds that he is only just commencing to realize the vast amount of labor connected with the position.

The amount of mortgages and other securities which have thus far come to light for assessment is, in the aggregate, of \$475,756.00, but little if any part of which has ever been upon the assessment rolls. Of this aggregate sum there is on record in

Wood county.....	\$167,582.00
Portage county.....	28,869.00
Juneau county.....	20,108.00
Manitowoc county.....	2,290.00

Price county.....	4,855.00
Kenosha county.....	1,600.00
Richland county.....	726.00
Taylor county.....	16,187.00

Mr. Cochran informs us that he has examined the records in this county for mortgages, only as far as requested and as names have been furnished to him for that purpose by several assessors. That he has not found time to do more than this, in that respect.

The County Board of Supervisors did not vote to provide him an assistant as was done in many counties and except for the fact that he has employed the services of a stenographer at his own expense he could not have accomplished one-half of the work which has already been done in the office.

Mr. Cochran's well known freedom from political aspiration, his independence of character and his long experience as a member of the County Board of Supervisors, especially fit him for the faithful performance of the onerous and perplexing duties of this office and we fully believe that whatever the merits of the controversy may be as to the justice of assessing mortgages and other securities for purposes of taxation that much good in a general way will be accomplished as a result of the creation of this new office.

It gives the several assessors and Boards of Review somebody to fall back upon for advice, counsel and direction.

Man and His Horse.

Every man should, for himself, his family and his horse, keep on hand some antiseptic healing dressing that will quickly relieve pain; subdue local inflammation; heal scratches, chafes, chaps, cuts and open wounds; cure bruises, burns, scalds, frostbite, galls and sores; relieve strains, sprains, swellings, muscle soreness, stiff or lame back or neck, rheumatism, neuritis, the little hurts of childhood, and the accidents and aches of every day life.
Such a remedy is Greene's Infallible Liniment, an honest medicine made to sell on its real merits and give such satisfaction as to make friends and keep them. It is equally good for man or beast. Once introduced into the home, the stable, the gymnasium or the training quarters, it becomes a standby to be used with confidence. A bottle of it is its own best advertisement and all the proof of its utility and merit required. All who use it speak well of it.
"Greene's Infallible Liniment has done me a world of good. I shall always have a supply on hand for use." W. A. Lango, ex-fighter C. B. B. Club.
"I have found from experience that Greene's Liniment is one of the best." F. S. Gorton.
"I consider Greene's Liniment valuable for muscle soreness, sprains, bruises, wounds, galls and scratches. It is economical because only a little is required. My experience justifies me in giving it strong endorsement." Albert H. Merrill.
Mr. Wm. R. Wylie, Supt. Calumet Stock Farm, Will County, Ill., writes:—"I have used nearly every liniment on the market but find yours in a class by itself. It does all you claim for it."
Mr. And E. Bisher, Chicago, says:—"I have kept your liniment in my house. It has in all instances proven satisfactory to my family and myself."
"I have used Greene's Infallible Liniment on sore tendons, wind puffs and scratches with the very best results. I consider it one of the best liniments made and recommend it to all horsemen." J. H. Miller, La Crosse, Wis.
Druggists keep it or will get it for you if you ask them to. Accept no substitute. There is no liniment that will take its place and do its work, neither like it or "just as good." The makers, J. W. Greene & Co., 17 Van Buren St., Chicago, Ill., to prove its worth, will send a large free sample in return for this advertisement and 10c. to cover cost of mailing. The regular price is 25c., 50c. and \$1.00 a bottle.

Grateful Bookkeeper.

Mr. Steve Schilling, a bookkeeper of Lincoln, Ill., states: "As a user of Re-Go Tonic Laxative Syrup, I wish in a small way to show my gratitude for the good it has done me. I have been a sufferer from constipation and my digestion has been impaired, causing heartburn and sometimes Sick Headache and Biliousness. Since I began taking Re-Go Tonic Laxative Syrup I have had none of these troubles. The Laxative effect is truly the most pleasant that I have ever experienced, mild but sure, without the gripping effect so common with such remedies. Re-Go is certainly a wonder. Sold by Sam Church, druggist."

PITTSVILLE.

Mr. and Mrs. E. W. King left for Tampa, Florida, and Havana, Cuba, on Tuesday night. They will go via Kaskaskia, Ill., and Cincinnati. From Cincinnati south they go over the Cincinnati Southern the "Queen and Crescent Route," the most costly piece of railroad in America. Here you find 364 miles of railroad which takes you through 27 tunnels. Also on the route is the famous "Blue Grass Region of Kentucky," passing through the city of Lexington and over the "High Bridge" (one of the highest in America) which spans the Kentucky river. From here to Chattanooga is a beautiful stretch of mountain country, at Chattanooga they arrive Thursday at about 6 p. m. Here they expect to stop and visit the U. S. Military Reservation at Chickamauga and Look Out Mountain, where two of the decisive battles of the late rebellion were fought. Leaving Chattanooga the next evening they go over the Southern Railway via Atlanta and Macon, arriving at Jacksonville the next morning and at Tampa that afternoon. Here they expect to spend a few days before continuing their journey to Cuba, returning to Pittsville about the 21st.

How you may know when spectacles should first be used. If you are obliged to move small objects from the eye in order to see them distinctly. If you find it necessary to place the light between the object. If when considering a near object it appears to have a kind of mist before it. If the letters of a book run together and seem blurred or double. If the eyes are fatigued by close exercise and you are obliged to relieve them by rubbing or closing them. If black spots appear before the eyes or seem floating around them. If you find it necessary to half close the lids and hold small objects nearer the eyes than an inch. If you observe any of the above signs or signals of distress it indicates that the accommodating muscles of the eyes are no longer able to alter the shape of the lens so as to accommodate or focus rays of light coming from different distances and should claim your immediate attention. A contest with failing sight is hopeless and it is the part of wisdom to yield gracefully to the first summons of surrender.

7th DAY ADVENTISTS BIG MEETING

Their Camp at the Fair Grounds Now Has the Appearance of a Small City.

A visit to the fair grounds on Tuesday disclosed the fact that while the Seventh Day Adventists had not been creating much of a furor about the city, they had nevertheless been hard at work for several days past, and as a consequence there is abundant evidence of what they may accomplish here during the next two weeks.

Their camp, which now resembles a small city, is located a short distance southwest of the new school house, and is laid out in streets, and there are enough trees scattered about to give it a very pretty appearance.

F. F. Peterson of Baraboo has been here for several days superintending the erection of tents and there are now about one hundred set up in place and it is expected that more will be pitched before the meeting is well under way. They expect between 800 and 1,000 regular attendants at the grounds besides what daily visitors will be present from this vicinity.

The large assembly tent has been allied to its capacity with seats and will accommodate over 1000 people. In this the English services will be held, besides which there are smaller tents in which services will be held in German and Scandinavian. Then there are tents for youths and young people's meetings and kindergarten where daily sessions will be held.

Then there is a large tent to be used as a dining room where all those who desire to do so may secure their meals.

As the Adventists are strict vegetarians, all meals served will be of this class, and will be on the European plan, and the different kinds of dishes can be procured at 1c, 2c and 3c per dish. Anybody and everybody is invited to take a meal at the dining tent whenever they may feel so inclined and outsiders will be served at the same price as regular patrons.

The first service of the sessions occurs on Thursday evening at 7:30 o'clock and from then until the 25th instant regular services will be held three times a day, at 10:30 a. m. and at 2:30 and 7:30 p. m.

Among those who have been at the grounds for several days past are R. T. Dowsett, secretary of the Wisconsin conference of Seventh Day Adventists. Mr. Dowsett has been kept busy in checking up the large bulk of supplies as it has arrived. A grocery store is established at the grounds where those who desire may purchase their supplies and prepare it for use themselves.

Among those who will be present from abroad to address the different meetings are Elder W. C. Spicer, of Battle Creek, Michigan; A. G. Daniels, president of the general conference, of Battle Creek; Elder John Branson of Berrien Springs, Michigan; Prof. W. W. Prescott of Battle Creek; Dr. C. Farnsworth of Madison Sanitarium; Dr. David Paulson of Chicago and Prof. P. C. Magan, dean of the Emmanuel Missionary college at Berrien Springs. Besides the above it is expected that there will be about fifty conference laborers to assist in the work. Elder Westphal of College View, Neb., will have charge of the German services, and Elder H. R. Johnson of Battle Creek will conduct the Scandinavian worship.

The culinary department will be under the direction of Miss Edith Douglas and C. S. Bossert of Madison both adepts in the preparation of vegetable foods.

The Adventists number among their ministry some very fluent extemporaneous talkers and it will pay anyone to make the camp a visit, partake of one of their meals, and listen to a sermon. They are as nice a class of people as we have ever had congregate in our city and we should be pleased that they have seen fit to select this city a second time as their place of meeting.

Cranberry Meeting.

A meeting was held in this city on Sunday between W. H. Fitch, Charles Briere and John Gaynor, for the purpose of completing the arrangements for the summer meeting of the Wisconsin State Cranberry Growers association, which occurs at the experimental station on Tuesday next, August 19. The program for the day will be about as follows:

Dinner for members of the association, will be ready at 12:15. This feature will be under the supervision of Mrs. M. O. Potter and Mrs. Andrew Seales.

Report of Statistician Craney concerning the cranberry prospects throughout the United States.

Discussion and fixing of price for picking, both by hand and with rakes. An address on cost of production by President Briere.

Discussions of Canada fruit law by Judge John A. Gaynor.

An address by W. W. Wilson, section director of the weather bureau of Milwaukee, is expected to be present and give an address.

Prof. Whitson, agricultural physicist of the University of Wisconsin, is also expected to be present for a talk on the subject of interest to cranberry men.

The question box. This will be opened and queries that have been made will be discussed and when possible answered.

Those who contemplate attending the session are requested to communicate with one of the officers of the association, so that provisions may be made for their entertainment.

BILL POSTER GONE WRONG.

Leaves Town Between Two Days and is Still Missing.

There are several persons about town who would like very much to know the whereabouts of Charles Wood, the man who for several weeks past has been engaged in posting bills about town.

Wood came here this spring and caused quite a furor in the bill posting way. He bought lumber, made leases of ground and made contracts with several of our merchants for the erecting of signs about the country for advertising purposes.

This was all very well, and it showed great enterprise on the part of Mr. Wood, but in almost every case he failed to pay for what he got, while, whenever possible, he collected what money he had coming. This naturally was a good thing for Wood, but it showed up poorly on the books of his customers.

Among other little accounts that Wood had neglected to settle was his board bill at the Commercial House, where he had managed to run up quite an account.

Wood had lived at Stevens Point before coming here and was reputed by his acquaintances over there to be unreliable. Some even said that he shown evidence at times of being non compos mentis, but if his object when he came here was to beat our citizens, he was evidently sound enough to accomplish this result.

W. A. SCOTT KILLED

IS STABBED WITH PAPER KNIFE

Was Formerly a Grand Rapids Boy and Was Well Known in This Vicinity.

Word was received in this city on Saturday that Walter A. Scott, of Chicago, a cousin to our townsman, William Scott, had been stabbed and killed by an engineer, although the particulars at the time were not known.

Later reports from Chicago confirmed the original telegram to the effect that Mr. Scott had met his death in the manner indicated, having been stabbed twice by a civil engineer named Stebbings with a paper knife, and dying from his wounds inside of half an hour.

The story of the killing as told by Stebbings is to the effect that he had been doing some work on the wire plant belonging to Mr. Scott, and the work being completed he had gone to Mr. Scott's office, which was just across the hall from his own in the Mammoth building, to arrange for a settlement for the work.

While there a dispute arose and Stebbings claims that Mr. Scott assaulted him and he picked up the paper knife to defend himself. During the scuffle that followed Mr. Scott was stabbed, although Stebbings claimed that he did not know when or how it occurred.

There were no witnesses to the affair except Mr. Scott's stenographer, who saw the last part of the scuffle and saw they were struggling and that Mr. Scott was stabbed, but could not tell which was the aggressor.

Mr. Scott was well known here, being born and raised here and was educated in this city, but went from here to Merrill, and for a number of years past has made his home in Chicago, where he leaves a wife and one child.

He was interested in the building of the Marshfield & Southwestern road, and later became practically the owner of the line before it was sold to the Wisconsin Central company, at which time he made frequent visits to this city. He was a son of the late T. R. Scott, whose name has been perpetuated in this city particularly by the endowment of our public library.

W. A. Scott was credited with being a millionaire and since the sale of his railroad had become interested in the manufacture of wire, having invested considerable money in this industry.

Helmich-Fritz.

Rev. D. C. Helmich of Freedom and Miss Amanda Fritz were married in this city on Wednesday at 2:30 o'clock, at the First Moravian church, the Rev. Edward Helmich, a brother of the groom, performing the ceremony.

They were attended by Miss Annie Pagel as bridesmaid and J. H. Winter of Pennsylvania was groomsmen. The young people will make a short wedding tour and will be at home to their friends after August 25th, at Freedom, Wis.

The groom was until a short time ago pastor of the First Moravian church in this city and formed many warm friends, while the bride is the only daughter of our fellow townsman, Charles Fritz, and is well and most favorably known in our city. The young couple have a host of friends who will join with the Tribune in wishing them happiness in their new home.

Charles Karberg Dead.

Charles Karberg, a resident of the west side, died on Saturday night from the effects of cancer of the stomach, after an illness of seven weeks.

Deceased was 46 years old and leaves a wife and six children to mourn his death, the latter being Eric, Alex, Irma, Lydia, Herbert and Hattie of this city.

Mr. Karberg was born in Germany and has been a resident of this city for the past 16 years. The funeral occurred on Tuesday from the German Lutheran church, Rev. Baum conducting the services.

WAS NEAR THE BARS

PRIEST & HOUSEKEEPER FINED

Escape with Light Punishment Compared with What It Might Have Been.

The famous case of the State of Wisconsin against Charles Jungblud and his housekeeper, Lizzie Nolan, was settled in this city on Monday by Judge Webb, who sustained the verdict of the jury in the case of Lizzie Nolan and fined her \$50 and charged her up with half the costs.

In the case of Charles Jungblud the court set aside the verdict of the jury, having found there was not sufficient evidence to sustain the charge. Then Jungblud pleaded guilty to the charge of assault and battery and was fined \$100 and half the costs of the suit.

It is probably needless to say that both parties were glad to pay their fine and get away, which they did the same day. Jungblud may be very thankful that he was tried before a man who looked only at the evidence introduced in the case and was not influenced in any way by sentiment or prejudice, as had this not been the case there is no question but what he would have got a penitentiary term.

There has probably never been a case in this section, in which no human life was involved, that attracted as much attention as this one, and there was no time during its progress that the court room was not crowded with spectators, both male and female, who listened to every word of the evidence with bated breath, and who had the two prisoners condemned long before the state had got well started on its case.

Beside the principals in the case, there were present on Monday attorneys James Wickman of Eau Claire, counsel for Jungblud, S. D. Evans of Prairie du Chien, counsel for Lizzie Nolan, and S. M. Marsh, district attorney for Clark county.

Picnic at Vesper.—On Saturday afternoon, May 30th there will be a picnic at Vesper by the M. W. A. Preparations are being made for a grand time, and among the attractions will be dancing afternoon and evening, exhibition drill by the Forester team, tag of war, wheelbarrow race, sack race, old man's race, boy's race, girl's race and 100 yard race free for all. Prizes will be given in all the contests. Besides the above there will be a blue rock contest during the day with prizes for the winners. Refreshments will be served on the grounds and it is expected that there will be a great time.

Where is Fred?—Theron Lyon while fishing on Thursday last in the river near the N. W. bridge discovered a sack containing some clothes which aroused his curiosity. The package was taken out of the water and opened and found to contain clothing presumably at one time the property of one Fred Brighton as letters were taken from the pockets of an old vest which bore the address of Fred Brighton and signed "Mother" and "Brother" and dated Plainfield. It is probable that the bag was accidentally dropped in the river at some point where it was impossible to recover it.

Will Build Warehouse.—A representative of the Gund Brewing company of La Crosse was in the city on Friday, and it is the intention of the company to build a warehouse at this place and make Grand Rapids a distributing point for their beer in this vicinity. Heretofore their product has been shipped from Marshfield here, but as all of the product had to be shipped through here anyway, it was decided to be better to put in a warehouse here, and make this a distributing point for a number of the towns in this vicinity.

Furniture Stock Sold.—John McGloin last week sold his furniture stock on the east side to Mohr & Herrig of Wall Lake, Ia. and those gentlemen immediately began a sale of the stuff in order to get rid of as much as possible after which the remainder will be packed and shipped to Iowa. Mr. McGloin has purchased from Messrs. Mohr & Herrig a grist mill located at Wall Lake, which he expects to operate, and as soon as his business is closed up here he will remove to that point with his family.

Charged with Selling Liquor.—Will Morgan and G. C. Knight of Dexterville were brought to this city last week charged with having sold liquor without a license. Morgan and Knight had each been running saloons at Dexterville before the place became a temperance town, and after this they continued to run temperance saloons. It is claimed that they have both been selling intoxicants. The case comes up for trial on the 21st instant.

Bids Opened.—There were three bids in for the reconstruction of the bridge when the committee opened them on Tuesday. One was from the Modern Steel Structural Co., of Waukesha, one from the Hennepin Bridge Co., of Minneapolis, and one from the American Bridge Company of New York. The contract was not awarded on Tuesday as all of the bids were above the estimate, but it is expected that an understanding will be reached today.

Will Visit the Dells.—A party consisting of Mr. and Mrs. C. E. LaVigne, Miss Maurine Johnson, Miss McGrath, E. J. Whitney and Charles Pomaiville started down river on Tuesday with the intention of making the trip to the Dells in boats. They will be gone about a week and should the weather prove favorable there is no doubt but they will have an enjoyable time.

New Factory.—Work was commenced this week on a building near the MacKinnon plant which will be used for a wagon factory when completed. A stock company has been organized, the incorporators being F. MacKinnon, John Schnabel and B. Metzger, and the capital is \$4,000. Mr. Metzger will manage the plant. Two months will probably elapse before operations will begin.

Arrested by Game Warden.—S. Rawson was arrested by Game Warden Geo. Brown on Thursday charged with having in his possession the carcasses of five prairie chickens. When brought before justice Brown pleaded not guilty, and the state asked for a continuance until the 15th instant which was granted. The bonds were fixed at \$100.

May Organize Company.—It is reported that a party will be here in the near future to organize a military company in this city. The report is that there are soon to be several vacancies in the national guard caused by the withdrawal of companies, when companies that were already organized would have a chance to go in.

Laying Sewers.—Work was commenced last week on the large sewer that empties into the river near Daly's drug store, and as a consequence the main street on the east side has again been torn up. Some people have begun to wonder if our streets are ever again to resume their normal condition.

Cut His Wrist.—Andy Curtis of Merrill, a shingle sawyer employed in the mill of the Grand Rapids Lumber Co., cut his wrist in such a manner on Monday that he was obliged to stop work. The accident will probably lay him up for a couple of weeks and he spending the interval at Merrill.

Charged with Larceny.—Dora Keewash was arrested on Tuesday by Officer Garribee, the girl being charged with stealing a wheel from Geo. Krieger. She was brought before Justice Brown and pleaded not guilty and the case was postponed until the 14th.

In Justice Court.—Joe Schloskey and Thomas Shack were arrested and brought before Judge Brown on Monday on a charge of drunk and disorderly. The judge made it \$2 and costs, amounting to about \$3.50 each.

Cost Her \$7.64.—Mrs. A. Petrick had her domestic arrested on Thursday for stealing some household articles and the girl pleaded guilty when Judge Brown made it \$2.00 and costs, amounting to \$7.64.

Jury Disagreed.—Carl Madsen was before Justice Gets on Friday on a charge of assault and battery. The jury disagreed and the case will be tried again on the 26th instant.

Base Ball at Nekoosa.

The Grand Rapids team went to Nekoosa on Sunday and played a game with the Papermakers that resulted in a complete shut out, the score standing 11 to 0 in favor of Grand Rapids.

The game for Grand Rapids was pitched by Oscar Bandelin, and his twirling seemed a mystery for the Papermakers. The Nekoosa team also has a new pitcher who played a very good game but the home boys managed to get an occasional hit off from him. The game was a good one and was enjoyed by the large crowd of spectators that attended.

To Whom It May Concern.

In the growing popularity of the annual convention of the Wisconsin State Cranberry Growers' association of which the dinner is one of the important features, it behooves all who attend to do their full share in providing for same that the supply may be ample for the demand and thus relieve the lady managers of any anxiety on that score. Any one desiring any information can telephone Mrs. M. O. Potter or Mrs. Andrew Seales.

Remington Drainage Case.

The Remington drainage case is now in progress before Judge Webb and a jury of twelve men. Several of the parties in the suit have been settled with, including the town of Remington but there were enough hung out so that a suit could not be avoided.

Mrs. George Waterman.

Mrs. Geo. Waterman died at her home on the east side on Monday from a cancer, at the age of 44 years. Deceased leaves a husband and three children to mourn her demise. The funeral was held this afternoon.

—Mr. Charles Theobald an electrician with the Lincoln Light and Power Co., Lincoln, Ill., says, "I am occasionally troubled with severe headaches, the result of constipation and have at numerous times used Re-Go Tonic Laxative Syrup, which I think is the most satisfactory in its results of any medicine. It moves the bowels naturally and promptly without pain or griping, and certainly cures the headache caused by constipation. We always give it to our children to regulate and correct any bowel troubles." Sold by Sam Church, druggist.

KING EDWARD IS CROWNED

Long-Delayed Ceremony Takes Place in Westminster.

A MAGNIFICENT AFFAIR

Archbishop of Canterbury Has Fainting Spell at a Very Critical Moment.

London, Aug. 9.—King Edward and Queen Alexandra were crowned in Westminster Abbey shortly after noon today. Though the ceremony was bereft of some of the elaboration and pageantry originally contemplated, it lacked little in the way of spectacular perfection. The whole ceremonial was of a magnificently decorative character and presented a constantly changing panorama around the two central figures enthroned in their rows of velvet, ermine and clothing of gold, amidst the distinguished assemblage of actors, the fulfillment of

KING EDWARD.

whose various roles necessitated constant movement.

Seats Begin to Fill.

The doors of Westminster abbey were scarcely opened and the solid sticks and ushers had barely found their stations before the seats began to fill. Peers and peeresses swept up the nave, their scarlet and ermine making vivid contrasts with the deep blue of the carpet. As they arrived before the thrones they separated, the peers going to the right and the peeresses to the left.

The ceremonies commenced with the consecration of the regalia. The procession entered with the regalia then proceeded from the altar to the annex. All present standing up and the choir singing, "O God, Our Help in Ages Past." Proceeding the regalia came the boys of Westminster abbey, followed by the children of the Channel Royal and the choir in royal uniforms.

Cheers for the Queen.

The Archbishop of Canterbury took his seat in front of the coronation chair and the Earl of Halsbury, the lord high chancellor, seated himself by his side. Several minutes elapsed, however, before the King and Queen came in sight of those gathered about the throne. Suddenly "Vivat Alexandra!" was shouted by the boys of Westminster, and the Queen, walking slowly to the left of the throne, claimed her chair and knelt at a silver prie dieu, her magnificent train of cloth-of-gold being lifted out of her way by six scarlet-coated pages.

Two or three minutes later came the hoarse cry from the Westminster boys of "Vivat Rex Edward!" with bladders blown in trumpets. Yet there was another wait.

Glittering Array of Gold Plate.

The various chairs to be used by the King and Queen in the service attracted special attention, but what inevitably caught the eye was the glittering array of gold plate brought from various royal depositories, ranged along the chancel and behind the altar. Amidst these surroundings the marshal, the Duke of Norfolk, resplendent in white knee breeches and heavily embroidered coat, hurried to and fro, directing the final touches.

By 10 o'clock the interior of the abbey presented a blaze of color. Along the nave, which was lined by generations of ivory chairs was taken up by high officers of the army and navy and others in equally handsome equipment.

On top of the arch separating the nave from the chancel sat the supplied orchestra. In stalls within, with the other ambassadors, the United States ambassador, Joseph H. Choate, and Mrs. Choate and many officials.

During the long wait Edwin A. Abbey, the American artist, who was commissioned to paint the coronation scene in the abbey and who wore court uniform, took careful note of the surroundings for the historic picture ordered by the King. The portrait of the artist, who was long interval to stroll up and down, but the news that steadily awaited the arrival of the sovereign, their entire eyes presenting a solid mass of white.

Receive the Communion.

Again the King and Queen knelt and the Archbishop of Canterbury walked to the altar and commenced the communion. While the gospel was being read the King stood erect, frequently bowing to the bishops in their heavily embroidered copes. During the singing of the creed all the members of the royal family turned eastward. Both King Edward and Queen Alexandra followed the service carefully, frequently bowing to the copies of the service which they held in their hands.

The administration of the oath followed. Standing before the King's chair, the archbishop asked:

"Sir, is your majesty willing to take the oath?"

The King answered in firm, strong tones: "I am willing," etc., his replies being easily heard high up in the triforium near the roof.

King Takes the Oath.

The Archbishop—Will you solemnly promise and swear to govern the people of this United Kingdom of Great Britain and Ireland, and the dominions thereunto belonging, according to the statutes in Parliament agreed on, and the respective laws and customs of the same?

The King—I solemnly promise so to do.

The Archbishop—Will you to your power cause law and justice, in mercy, to be executed in all your judgments?

The King—I will.

The Archbishop—Will you to the utmost of your power maintain the laws of God, the true profession of the gospel, and the Protestant reformed religion established by law? And will you maintain and preserve inviolable the settlement of the Church of England, and the doctrine, worship, discipline and govern-

ment thereof, as by law established in England? And will you preserve unto the bishops and clergy of England, and to the church therein committed to their charge, all such rights and privileges, as by law do or shall appertain to them, or any of them?

Thus—All this I promise to do. Then the instand was brought and the King signed the oath. He did not advance to the altar, but sat in the chair he had occupied since the service began. While the choir sang "Come, Holy Ghost, Our Souls Inspire, the King remained seated and the Queen stood up.

The Anointing Ceremony.

After the archbishop's anointing prayer a gold canopy was brought over the King's chair and his majesty directed himself to his outer robe and then walked to the altar, while the choir sang Seade's anthem. The anointing ceremony was scarcely seen owing to the canopy. The spectators were just able to discern the Archbishop of Canterbury's motions.

After the prayer the King donned the coccubium sandomis, then resumed his seat and from a scarlet silken roll on which the prayers were printed in large type and which was held by the Dean of Westminster, the Archbishop of Canterbury read the prayers and delivered the sword to the King, who did not go to the altar, the sword being taken to him by the Dean of Westminster, while the choir sang "The Lord is with us, and the orb were then delivered to the King, according to the programme. When the King held out his hand for the ring the Archbishop of Canterbury had difficulty in finding it, but finally, with trembling hands, he placed it on the tip of his majesty's finger, reading the prayer simultaneously, the King himself completing the process of putting on the ring as he withdrew his hand. Later the archbishop had similar difficulty, owing to nervousness, in placing the crown on the King's head. In fact, the choir sang "God Save the King" while the Archbishop of Canterbury was still striving to place the crown on the ruler's head and a great shout went up and the electric lights were turned on.

Edward Grasps the Scepter.

As the acclamations died away the clanging of bells, the noise of guns and the shouting of people outside penetrated into the abbey, where the King sat unmolested, his majesty on his head and his scepter held firmly in his hand. After singing "Be Strong and Play the Man" and the Bible having been presented, the King advanced and knelt while he received the benediction. He then walked to the great throne where he stood of the first time, the choir accompanied by nobles. The Archbishop of Canterbury followed, the King being obliged to stand while awaiting the arrival of the archbishop. Having placed the King into his new throne, the archbishop knelt and paid homage, the aged archbishop's hands were raised to the King's head and he himself raised the archbishop's hands from the steps of the throne. The archbishop, who seemed to be in a faint, had to be practically carried to the altar. The incident created considerable commotion, but the archbishop rushed forward to hold the primacy.

Paying Homage.

The next person to pay homage to his majesty was the Duke of Wales, who knelt and kissed King Edward's hand, which he kissed after touching the crown as a sign of fealty.

The Prince of Wales then started to return to his seat, when the King drew him back and put his arm around him, kissing him. After this the King once more gave the prince his hand, this time to shake, and the hearty vigor of King Edward's grasp showed that his hand at any rate had not lost its strength. The Duke of Norfolk, as earl marshal, accompanied by representatives of each grade of the nobility, read the oath beginning: "I, duke or earl, etc., do become your liege man of life and limb," etc. The respective representatives next touched the crown and kissed the King's hand. The Duke of Norfolk being the only peer to read the oath. This portion of the service was considerably shortened.

The Queen then rose and, accompanied by her entourage, proceeded to the altar steps, where, under a pall of cloth-of-gold, she was quickly crowned by the Archbishop of Canterbury, who was supported by the bishops. She was then led to the throne beside that in which the King sat and her coronation was accomplished.

By a great effort the Archbishop of Canterbury was enabled to conclude the service and the King and Queen repaired to Saint Edward's chapel. Neither of them making a return to their thrones after the communion but remained at the altar. The service, which was completed with the singing of the "Te Deum," was brought to a close without a hitch. The King exhibited no outward traces of fatigue.

Bore the Ceremony Well.

The departure of the King and Queen from the abbey was signalled by another salute, the massed bands playing "God Save the King." The entire route of their majesties' return to the palace was marked by scenes of enthusiasm similar to those which greeted their progress to the abbey.

Shortly after the return of the King and Queen to the palace it was officially announced from there that the King had borne the ceremony well and that he had suffered in no way from fatigue and this was confirmed by the King himself, when in response to the repeated plaudits of the crowds, his majesty, accompanied by the Queen, appeared on the balcony in their robes and crowns. The faces of both were suffused with smiles as they bowed repeatedly their recognition of the warmth of the applause.

In St. Edward's Chapel.

While the King and Queen were in St. Edward's chapel many of the peers, lords and ladies lined up to the approaches to the altar and the younger members of the nobility, some of them being scarcely 10 years of age, who had previously been kept in the background, then joined their older relatives. Gen. Kitchener, with his hands on the shoulders of a little page, was conspicuous among these.

The first to appear from the chapel was the Queen. As she passed between the ranks all the nobles bowed low, the King acknowledging their salutes. When his majesty reached the nave someone shouted "Three cheers for the Queen," and the old abbey rang with cheer.

As the Queen slowly passed into the annex, men and women rising from their seats and shouting with as much good will as any of the crowds in the streets.

An Unorganized Demonstration.

Nearly ten minutes later the King emerged from the chapel, still wearing the crown and carrying the scepter and rod. He saluting bowed to the peers and pages. While his majesty was still near the altar someone in the gallery shouted "Three cheers for the King." There was a feeble shout, but no one took up this unorganized demonstration. A somewhat awkward pause followed. This, however, was quickly atoned for. As the King passed the chancel arch those in the nave of the abbey commenced to cheer. The King's volume was high and his face was suffused with smiles. He was accompanied by the Duke of Devonshire, admirals and others joined in a vociferous demonstration.

Baraboo, Wis., Aug. 9.—[Special.]—E. J. Ross, proprietor of the Madison Hotel at Baraboo, has secured the Van Etta hotel at Madison.

WALTER SCOTT IS KILLED

President of Illinois Steel Wire Company Stabbed to Death.

RESULT OF A QUARREL.

Civil Engineer Walter L. Stebbings Called Scott a Liar and a Bloody Scoundrel Followed.

Chicago, Ill., Aug. 9.—Walter A. Scott, president of the Illinois Steel Wire Company, was stabbed to death in the Mononock building today by Walter L. Stebbings, a civil and consulting engineer with offices in the same building. Stebbings used a paper knife, stabbing Scott twice.

The stabbing occurred in Mr. Scott's private office. Mr. Stebbings had done some work for the Illinois Steel Wire Company, over which there had been a dispute. The two had a quarrel and Stebbings, it is said, called Scott a liar. There was a scuffle and the two burst from the office with blood flowing from Scott's wounds. Stebbings made no attempt to escape.

Claim of Self-Defense.

Stebbing, when arrested, said he had struck Scott in self-defense and that he had not intended injuring him seriously. The fight was witnessed by Miss Myrtle Shumate, a stenographer in Scott's office, who ran screaming into the hall. Occupants of other offices notified the police who placed Stebbings under arrest. In fact, Scott's story, the story of Stebbings, the two men were in Scott's private office for nearly an hour disputing over a claim for \$2000. Suddenly the door was thrown open and the men staggered into the outer office, kicking each other and using their fists. Stebbings held the long steel paper knife in his right hand and the weapon could be seen flashing as the men struggled. Suddenly Stebbings struck Scott in the body. The blow was repeated a moment later. Scott staggered backward and finally fell to the floor. He died within half an hour.

Says Scott Struck Him.

Mr. Scott was 43 years of age and lived at the Virginia hotel. He leaves a widow and one son, who are at present in the East. Mr. Scott was recently president and owner of the Marshfield Southern Railway, and owner of the Scott Lumber Company and controlled a large amount of real estate. He was reputed to be a millionaire.

When told later that Scott was dead, Stebbings turned pale. Had not a policeman caught him, he would have fled from his chair. Finally he controlled himself enough to speak.

"Dead," he exclaimed. "I cannot realize it. I did not mean to kill him. I was opening a letter with the paper knife. He struck me. I hardly know what happened. I did not even know I had stabbed him. I thought I had only knocked him down."

BADLY DEFEATED.

Many of General Nord's Soldiers Killed and a Great Number Taken Prisoners.

Cape Haytien, Aug. 9.—Gen. Albert Salnave, commandant of the Arribonite troops, has defeated the army of the provisional government under Gen. Nord at Nimbe, capturing Gen. Nord's cannon and munitions of war. Many of Gen. Nord's soldiers were killed and a great number taken prisoners. Gen. Salnave continues his march on Cape Haytien, an attack on which is hourly expected.

Washington, D. C., Aug. 9.—The navy department this morning received the following cablegram from Commander McCrea of the gunboat Machias, dated Cape Haytien, August 9:

"Hagarty's landing force Cape Haytien on Friday afternoon. An engagement is hourly expected. Ready to land."

Instructions to McCrea.

Commander McCrea yesterday received special instructions to prevent the cutting of the cable of the United States and Haytian Company. This is not a French company as referred to yesterday, but is purely an American company, but part of the Commercial Cable Company system. The Machias has a complement of about 120 men, and could land a force of about fifty men at will. A Colt rapid fire gun which she has aboard could be sent ashore with a landing party. The Machias has eight 4-inch guns in her main battery, four 6-inch guns and two 3-inch guns. She has a battery of six rapid fire, and under the threat of these guns it is quite unlikely that either the Haytian garrison or Gen. Firmian's force ashore would care to make an issue.

Active Secretary of the Navy Darling today sent the following cablegram to Commander McCrea of the Machias:

"Your action was approved. Cutting cable or interference with other than Haytian interests not to be tolerated."

TOOK THE FIRST PRIZE.

Janzowski, Parisian Expert, the Winner in International Chess Masters' Tournament.

Hanover, Aug. 9.—By beating Wolf in the morning sitting of the international chess masters' tournament, the Parisian expert Janzowski made sure of the first prize, having reached a total number of 124 points, which none of his competitors for first honors can reach.

While Janzowski was beating Wolf in the morning sitting, Tschigrahn made short work of the Dutch amateur O. J. P. van der Vliet, who had taken 10 points.

Pillsbury is next to the leader with 11 points and Atkins stands third with 10 points.

HARRY TRACY'S BODY.

Taken Back to Salem Under a Guard of Five Men.

Portland, Ore., Aug. 9.—The body of Harry Tracy, enclosed in a pine box, rests on a baggage car truck at the Union station. It is guarded by three of the five men who fired the shots which subsequently caused Tracy to take his own life. The body will leave for Salem today. The guards carry with them the famous 30-30 rifle with which the convict did such deadly execution and which will be given to Gov. Geer.

Warehouse Theft Traced.

Muskegon, Mich., Aug. 9.—[Special.]—Fred Schramm of this city and August Peterson and William Temlow of Chicago are under arrest here charged with the larceny of a sofa valued at \$50 from the warehouse of the Crosby Transportation Company. The police believe they were broken up a gang that infested the old Crosby warehouse. Schramm seems disposed to tell all he knows.

ARE ORDINARY TRAMPS.

BURLINGTON TRAIN HOLDUP SUSPECTS ARE NOT RIGHT MEN.

Gus Hyatt, Who Escaped from Nashville Prison, is Believed to Have Led the Gang.

St. Paul, Minn., Aug. 8.—The five men arrested here last evening on suspicion of being the Burlington train robbers prove to be ordinary tramps. Nothing about them indicated that they are bad men, and Chief of Police O'Connor scours the idea that they had anything to do with the robbery. He says they would not travel together if they were, and he believes the robbers have gone back to Chicago.

Chicago, Ill., Aug. 8.—Gus Hyatt, who escaped with fifteen other convicts from the Nashville (Tenn.) penitentiary last Monday night, is now sought as the leader of the train robbers who held up the Burlington express at Savannah, Ga., twenty-four hours after the escape.

At St. Paul, Minn., five men who are suspected of complicity in the robbery are under arrest. They were taken in a body as they alighted from a Great Western train. They give their names as George McKinnon, H. D. Coleman, Henry Lee, F. D. Patchen and William Dunn. Steps have been taken to ascertain whether these men or any of them can be identified as escapes from the Tennessee penitentiary.

THOMAS IS HANGED.

Pays with His Life the Penalty for Killing Carrie Larson—An Effort to Get Reprieve Fails.

Chicago, Ill., Aug. 8.—Lewis G. Thomas was hung at 11:29 a. m. today for the murder of Carrie Larson.

Thomas went to the scaffold without a tremor. He made a short statement, in which he protested his innocence and expressed confidence that his name would be cleared of the crime attributed to him. The body hung thirteen minutes and death resulted from strangulation.

Convicted of Horrible Crime.

The crime for which Lewis G. Thomas paid the death penalty was that of the murder of Carrie Larson on the night of December 24, last year. Thomas was cook of the steamer Peerless and had hired the young woman to assist him in his quarters in the Burlington ship on the Chicago river. The only other occupant of the boat was Robert Keissig, a roustabout. It was the story of Keissig that convicted Thomas of one of the most horrible crimes ever discovered in this city. Late at night Thomas had come to the steamer and had tried to force his way into the young woman's room. Failing in this he ordered her to cook him a meal. As she started out to comply Thomas strangled her, mutilated her body horribly and then compelled Keissig, who was an unwilling witness, to help him bury the body under the ice in the river. Several days after the boy Keissig ran away to the police, fearing for his own life and the story which resulted in the recovery of the body of the woman and Thomas' conviction. Two trials were held. In the first, two brothers on the jury held out for absolute acquittal. The verdict in the second trial was rendered after a deliberation of only twenty minutes. One stay of execution was granted and the supreme court was appealed to for a supersedeas, which was refused.

PANAMA CANAL TITLE.

Attorney-General Knox will Scudgy the Subject During Visit to France.

Orser Bar, N. Y., Aug. 8.—President Roosevelt was exceptionally busy for several hours today disposing of an accumulation of public business. By luncheon time, however, he had cleared away the mass of official correspondence and was ready to receive the attorney general, Mr. Knox, who arrived from New York about noon. They will be the guests of the President and Mrs. Roosevelt until tomorrow.

It is understood that Attorney General Knox will sail shortly for Europe, where, however, he will devote some personal attention to the Panama canal question. It is quite probable now that the proceedings looking to a determination of the ability of the new Panama Canal Company to pass a clear title of the property to the United States will be concluded in the French courts.

While the administration is anxious to have the matter passed upon as soon as practicable, the question of time will be secondary to that of certainty that the United States will have no trouble with the stockholders of the old Panama Canal Company if the property and rights of the company should be acquired by this country under the Spooner act. The President, upon whom the responsibility rests, will take no chances upon the results of extended litigation in which the United States might become involved if the property of the Panama Canal Company were purchased before it had been determined judicially that the company possessed the absolute title to convey a clear title to this country.

CHICAGO WILL CONFER DEGREE ON PRESIDENT.

University Has Decided to Make Roosevelt a Doctor of Laws on October 3.

Chicago, Ill., Aug. 8.—The degree of LL. D. will be conferred upon President Theodore Roosevelt by the University of Chicago on October 3. A special convocation will be held in order to confer the honor and the day will be made a gala occasion. The university officials are determined to entertain the President as royally as he was at Harvard in June, when the degree of doctor of laws was conferred upon him by that institution. The President will arrive in Chicago about 8 o'clock and may be present at the laying of the cornerstone of the new building for the Industrial Arts League.

CREATES A SURPRISE.

Frank C. Andrews' Defense Suddenly Rests the Prisoner's Case in Detroit Bank Matter.

Detroit, Mich., Aug. 8.—The defense in the Frank C. Andrews trial created a mild surprise at the opening of court today when they announced that they had no more witnesses and rested. It had been expected that the defense would put on one or two more witnesses today. The prosecution then began to put in its rebuttal testimony, several witnesses being examined as to the appraisal made of real estate turned over to the wrecked bank by Andrews.

WILL MUTILATE MINERS.

Foreign Strikers Said to Have Devised Upon a Plan.

TO CUT OFF AN EAR.

Alleged Scheme to Prevent Any Man Returning to Work in Pennsylvania Mines.

Shenandoah, Pa., Aug. 8.—Foreigners now propose to cut off an ear of men who go to work in or about the mines against their orders, thus marking them for life as "unfair." This information was conveyed to Rev. Charles Edwards, pastor of the Presbyterian Church here, today by a number of young men, members of his congregation, who are miners and in a position to know the facts. It is said the foreigners have decided that this will be the best method of preventing any attempt to break the strike.

A meeting of Protestant ministers of this section, who are interested in the spiritual welfare of the foreign population, was held here last night, and after the regular business had been disposed of, Rev. Mr. Edwards, who has made a scientific study of the characteristics of the foreign-speaking people in the coal region, delivered an address in which he said that within a radius of six miles of Shenandoah there are approximately 50,000 foreigners who came from the northern part of Austria-Hungary. Of these 17,000 are Lithuanians, 3000 are Poles, 3000 Rumanians, 1000 Slovaks and 400 Bohemians. The Lithuanians are considered the most intelligent among them.

Gen. Gobin Seeds Soldiers.

Shenandoah, Pa., Aug. 8.—Gen. Gobin today sent a platoon of cavalry to the mining settlement of Turkey Run for the purpose of making a demonstration in that vicinity, which is populated mostly by foreigners. The general had received information that the families of non-union workers are constantly annoyed by strikers and their houses stoned. The cavalry returned after starting a short time. The firing of pistols and rifles during the night continued, but the firing never occurs in the neighborhood in which the guardsmen are stationed and no military officers in consequence are unable to force the men to go to work. There is a great number of mischievous people prowling around the region at night who probably shoot off firearms for no other reason than to scare someone.

Troops Guard Prisoners.

Joseph Pawluc, the butcher, and Matthew Paularkas, the one-armed saloonkeeper, who are charged with the murder of Joseph Beddall, in the riots of last week, were taken to the county jail at Pottsville. They were taken to the Pennsylvania station under guard of the troops and left for the county seat at 2:10 p. m. Joseph Wenczelowski, who is charged with robbing, was released on \$2000 bail.

Mitchell Won't Go to Michigan.

Wilkesbarre, Pa., Aug. 8.—President Mitchell of the United Mine Workers said today that he would not go to Michigan to take part in the conference between the coal operators and the striking miners. He said it would not be necessary for him to make the trip, as he had received assurances that a settlement satisfactory to both sides would be reached shortly.

Another Jones of West Virginia arrived in town last night and had a conference with President Mitchell today. E. E. Loomis, vice president of the Delaware, Lackawanna & Western Company, who has been making a tour of the strike region with a view of reporting actual conditions as he finds them to the president of the coal carrying railroad, has completed his mission and will probably make his report at a meeting to be held in New York tomorrow.

Baraboo Employees Walk Out.

Baraboo, Wis., Aug. 8.—[Special.]—Several men employed at the Chicago & North-Western shops, repairing trucks, walked out today. They claimed their wages are insufficient.

A FERRYBOAT BURNED.

Caught Fire from an Overturned Lamp and Totally Destroyed—No Fatalities.

New York, Aug. 8.—An overturned lamp in the engine room of the ferryboat New Brunswick, plying between New Brunswick, N. J., and New York, set fire to the boat, and so rapidly did the flames spread that the vessel had to be beached on the Meadows, about three miles below New Brunswick, and allowed to burn to the water's edge. The boat carried a crew of twenty-three men and there were sixteen passengers aboard.

Capt. George C. Rogers of Brooklyn gave orders that the lifeboats should be lowered when it became apparent that the flames could not successfully be fought, and the passengers were taken ashore so speedily that there was no excitement. The chief of the boat, William Traver of Bath, N. Y., was badly burned about the face and hands. Two rowlocks were pushed overboard and swam ashore uninjured. The vessel was valued at \$24,000, partially insured.

MYTHICAL TREASURE WAS NOT FOUND.

Cocos Island Expedition Fails Because Gold-Finding Instruments Did Not Work.

Victor, B. C., Aug. 8.—The elaborately outfitted expedition which set sail from here early in January on the brigantine Blakely, to search for the mythical treasure of Cocos Island, has returned, and other expeditions which have visited the island without success have been discouraged of any kind. The expedition was an utter failure. The instruments which were to locate the supposed buried treasure failed in all instances except in giving the members of the party a lot of work in digging in different parts of the island. After repeated failures it was discovered that the instruments could not even locate gold coin purposely buried in the beach sand. Capt. Macken and Whidden still believe that the treasure is there, but place no confidence in the instruments.

REFUSES PLEA OF RUSSIA.

England will Not Take Part in Conference on Sugar Issue.

London, Aug. 8.—The London Daily Mail's St. Petersburg correspondent says he learns that the British government has replied to the Russian circular declining to take any part in the proposed conference on the sugar question and reaffirming its reasons for regarding the regulation by Russia of its home sugar industry as a system of indirect subsidies.

TWO WOMEN MURDERED.

CHICAGO POLICE HAVE STRANGE MYSTERIES TO SOLVE.

Bodies of Two Unknown Females Found—One was Richly Dressed, the Other Nude.

Chicago, Ill., Aug. 8.—A murder mystery that last night set at naught all the skill of policemen and detectives is woven around the finding of a woman's body on the prairie at State and Seventy-fourth streets. The body, which was badly decomposed, was apparently that of a woman 35 years old. The corpse was found 40 feet east of State street near Seventy-fourth street in a lonely locality two or three blocks from any house. The body was found by a 12-year-old boy named Rolla Bolgen, who lives at 119 West Seventy-second street.

Not a stitch of clothing was found on the body. Appearance, the police say, indicate that the body was brought to the prairie from some distant part of the city and thrown in among the underbrush out of sight.

The woman had long black hair, but the skull was bare in places. The body had evidently lain on the prairie for two weeks or longer.

The body of an unidentified woman was found early today in a ditch near the Chicago & North-Western railway tracks near Mayfair station. There was considerable jewelry on the body, which was well dressed. The police are inclined to believe that death may have resulted from an accident, but the discovery of this body following so closely upon that of the body of a woman last night has led to an investigation on the theory of murder.

THIRTEEN ARE KILLED.

Disastrous Explosion in Mine Near Trinidad, Col., Causes Terrible Loss of Life.

Trinidad, Col., Aug. 8.—A special to the Chicago from Trinidad says:

A disastrous explosion occurred last night at No. 3 mine at Bowen, northeast of this place. Thirteen lives are known to have been lost. The exact number of men working on the night shift and in the mine at the time of the explosion is unknown. The mine is operated by the Union Coal Company of Denver and is a slope mine, situated on the mountain side and about 400 yards from the tipple below. The explosion occurred about 800 feet from the mouth of the slope and was caused by fire damp.

Mrs. Eekis Stevenson of Salt Lake City Tells How Operations For Ovarian Troubles May Be Avoided.

"DEAR MRS. PINKHAM:—I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience.

MRS. EEKIS STEVENSON.

ience. Hundreds of dollars went to the doctor and the druggist. I was simply a walking wreck. My sister residing in Ohio wrote me that she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave your Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me; I rarely had headaches, and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation."—Mrs. Eekis Stevenson, 250 So. personally interviewed at their homes say Doan's Kidney Pills cured them. Thousands took advantage of this following free offer directly it was made. Friends heard of their cure, thus came the great fame of Doan's. They realized what they promised. By their direct action on kidney structure, backache, back, hip, and loin pain is removed. The conditions causing sleeplessness, heart pal-

pitiation, headache, and nervousness passes away; swelling of the limbs and dropsy signs vanish. They correct urine with brick dust sediment, high colored, excessive, pain in passing, dribbling, and frequency. These pills dissolve and remove calculi and gravel. They are free to readers of this paper for a few days. Cut out coupon, fill address plainly, and mail Foster-Milburn Co., Buffalo, N. Y.

APOSTROPHE TO A HOG.

It Failed to Write Remittance from the Claim Agent.

A Missouri farmer, whose hog had been killed by a train and who imagined himself to be something of a poet, wrote these lines to the company's claim agent for a settlement:

My razorback strolled down your track A week ago today; Your 20 cent dog tag the line And snuffed his light away.

You can't blame me—the hog, you see, Shipped through a cattle gate; So kindly pen a check for ten, The debt to liquidate.

He was rather surprised a few days later to receive the following:

Old 20 cent down the line And killed your hog, we know; But razorbacks on railroad tracks Quite often meet with woe.

Therefore, my friend, we cannot send The check which you put place. Just plant the dead place over his head: "Here lies a foolish swine."

What a Good Name Does.

Chicago, Ill., Aug. 11th.—Mr. Vahlberg, of 222 South Peoria St., this city, had for years been an invalid with liver complaint and kidney trouble which was fast hastening him to the grave. The doctors gave him up and his friends and neighbors all declared he could not live.

His brother came from Minneapolis to see him before he died and inquired if he had tried Dodd's Kidney Pills.

On being told that this remedy had not been used he went out at once and bought a box, feeling satisfied from what he knew of Dodd's Kidney Pills and the noble work they had been doing in Minnesota, that they would save his brother's life.

The first two days Mr. Vahlberg seemed to grow worse, but after that he gradually improved under the treatment and was soon restored to complete good health.

Why Not a Rose Cure?

"I wonder," remarked an invalid recently, "that the medicinal effects of perfume have never been investigated. Doctors send their patients to breathe the balsam scented air of the pine regions, and we know that the pungency of certain odoriferous shrubs is invigorating and that some sickly vegetable scents cause fairness. Why should not each perfume which is so distinct in its character, be sent to the sick, as the violet, belladonna, the lily of the valley and a host of others—have some distinct quality that might affect certain conditions? Fancy the pleasure of having a rose cure prescribed for one, for instance. To be steeped in roses, to be surrounded by them, to breathe the air heavy with their perfume, and even to be fed on them, for rose leaf confections are really very edible. I submit this idea to the profession and suggest that they experiment upon it."—New York Tribune.

Visit Milwaukee, the Most Beautiful City in America—Low Excursion Rates.

The Milwaukee Association of Jobbers and Manufacturers has made arrangements for two excursions to Milwaukee during August. Any merchant, manufacturer or dealer in Wisconsin, Iowa, Minnesota, North and South Dakota and Northern Michigan is entitled to a rate of one and one-half fare for the round trip, not alone for himself and family, but for any one actively engaged in his business.

All that is necessary is that you obtain from your wholesale dealer or manufacturer in Milwaukee a membership card entitling you to the rate, and in connection with our cost tickets for the two excursions will be on sale August 16 to 30.

In addition to displays by merchants generally, the large wholesale houses here will have their fall opening during all of that time, and it will be well for visitors to remember the date.

TENDER-HEARTED BESS.

She wouldn't whip the cream. She wouldn't pound the wee's eak; Too cruel it did seem. She wouldn't strike the matches. She'd give hot tea no blows; She made no hit at baking. She wouldn't wring her cloths. She wouldn't cut a chicken. Or think of darning care. She wouldn't wash potatoes. Or bang her golden hair. She wouldn't do all these things. My tender-hearted Bess. And so she smashed all records At downright laziness.

—F. P. Fitzer in New York Sun.

There is or was an army mule a pensioner of the United States—tradition says that army mules are immortal, hence the doubt as to tense. But this mule, Mexico, was ordered to be sent at Mount Vernon Barracks, Alabama, in 1883. He had been at the post a long time, and had grown gray in the service, having an honorable record in the Mexican war, and the others at Mount Vernon asked that he be sent to the post to recall him till the end of his days. This application, signed by William A. Kolbe, then an artillery lieutenant, and endorsed by a dozen proper military authorities, including Gen. Hancock and Gen. Sherman, is on record at Washington. How the white mule's record grew in honor with successive commanders may be seen from the commanding general's letter:

I have seen that mule, and whether true or false, the soldiers believe it was left at the hill the day when Mount Vernon barracks now are, at the time Gen. Jackson's army camped there, about 1819-20. Tradition says it was once a soldier, but now it is white with age.

The quartermaster's department will be charged with incurrence if that mule is sold or the care and maintenance of it thrown on the quartermaster's department. I advise that it be kept in the post, fed and maintained till death.

P. S.—I think that mule was at Fort Morgan, Mobile Point, when it was there in 1842.

The secretary of war finally directed that this mule be kept and well cared for, at public expense, as long as he lives.

Days of Chivalry Gone.—Wife (dreadfully)—Ah, me! The days of chivalry are past. Husband—What's the matter now? "Sir Walter Raleigh laid his cloak on the ground for Queen Elizabeth to walk over, but you get mad simply because poor dear mother sat down on your hat."—New York Weekly.

There is a citizen of New York who decided to treat himself to a horse and a runaway. In every case he insisted upon knowing the attitude of the prospective purchase in relation to automobiles. "I don't want my neck broken daily," he would say.

There was a horse that suited him. "I can warrant him on the automobile question," said the lucky owner, "to be sure, but I will guarantee that he will pass a dozen an hour, all day long, and never look at one of them."

"Will you give me a written statement to that effect?" "I will."

The sale was made. For once a Jerseyman told the truth in a horse trade. The horse was blind.

She boarded the car at Fourteenth street and disposed her ample person over at least two seats; then she stared haughtily as though seeking to discover if the car held any spirit intrepid enough to question her right to do so.

Nearly all the passengers read the challenge aright, and their answering glances were charged with good-humored indifference. This was simply maddening to the imitation "grande dame." She would show them up with whom they had the honor of riding.

"Conductor," she called, "let me off at Twenty-ninth street."

The keen-looking little Irishman who wore the company's uniform promised to do so.

"Ah, don't you carry me past it, either," pursued the virago; "if you do I'll make trouble for you."

The conductor took the rest of the passengers into his confidence through the medium of an all-embracing smile.

"Ah, you needn't get fresh about it, an' grin, neither," she continued, "for I'd have you understand I've got something to say about this road. I'm one of the director's wives."

"Wan of his wives, did she say?" asked the conductor, as he reached the back platform. "Why, I didn't think they allowed that any more—even in Utah."—New York Times.

"Charlotte," said the first, who was of her sex and a friend, "strives to be strictly to the minute with her horseless carriage and other things."

"Yes," responded the other, who was also feminine and an even closer friend, "she even affects a birdy-like age."—Indianapolis News.

It was midnight. Suddenly in the Adam residence there was a cry, then a series of howls, and one of the neighbors, passing by, heard the head of the house use language that was calculated to freeze the thunderbolts of heaven on the whole neighborhood. She stopped, ran up to the window, and, pressing the button, listened eagerly at the speaking tube.

"What in the world is your husband doing?" she asked, as the dulcet voice of Eve inquired the brand.

"Oh," replied Eve, "he is merely raising Cain. It requires strong language to raise a child like that."

Palpitation of the Heart, Cold Hands and Feet, Sinking Feelings—Pe-ru-na Cures Catarrh Wherever Located.

Mrs. X. Schneider.

Mrs. X. Schneider, 2400 Thirty-seventh Place, Chicago, Ill., writes:

"After taking several remedies without result, I began in January, 1901, to take your valuable remedy, Peruna. I was a complete wreck. Had palpitation of the heart, cold hands and feet, female weakness, no appetite, trembling, sinking feeling nearly all the time. You said I was suffering with systemic catarrh, and I believe that I received your help in the nick of time. I followed your directions carefully and can say today that I am well again. I cannot thank you enough for my cure. I will always be your debtor. I have already recommended Peruna to my friends and neighbors and they all praise it. I wish that all suffering women would try it. I testify this according to the truth."—Mrs. X. Schneider.

An Elephant at Farm Work. James Cahill of Virginia is probably the only person in the United States who has in regular use upon his farm an elephant, which is used for farm work.

With the swarming host hitched up to a plow he can turn more ground than any of his neighbors with a team of horses, and when it comes to hauling the elephant will walk away with ease with logs which the best teams of his neighbors cannot move. The elephant eats little more than a horse, and does many times the work of one, is gentle and docile and little trouble, and Mr. Cahill is more than pleased with his experiment. Mr. Cahill bought the elephant from a stranded circus proprietor.

Of a Political Nature.

It begins to look as though the republicans had got a trifle mixed on the sheriff matter in this county. Several parties in the south end of the county were led to believe that they were the choice of the party leaders and as a consequence they have been doing some missionary work, with a view to getting the money back after the votes were counted next fall.

Now it develops that the party leaders didn't know what the other fellow was doing at all, and the consequence is that John Ebbe from the north end of the county has appeared on the scene as a prospective candidate and it is understood that he will be the man to get the nomination, owing to the fact that the balance of the ticket comes from the south end of the county. The proverbial honor among thieves does not seem to cut much figure with the party leaders on that side of the fence.

It has been rumored about town that Will Brown of Pittsville will be a candidate for the nomination for the office of clerk of court on the Republican ticket. If he is looking for anything of the kind he is very quiet about it, however, and it may be only a false alarm.

Double Taxation.

Farmers all over the county are up in arms against the proposition and imposition of double taxation. Many of them have bought their farms on a basis of a mortgage and according to the present tax laws they will be taxed the full value of the farm as well as the man who holds the mortgage. A case in point might be cited. Here is a man say in Gibson, who sells his farm for \$4,500. He receives \$1,000 in cash and holds the balance under a mortgage. The tax assessor comes along and taxes him on the basis of \$4,500, and as soon as this assessment is made he finds the farm and proceeds to tax the farmer on the basis of another \$4,500, thus making the farm bear a mortgage of \$9,000 though its actual worth is only \$4,500.

The present governor is responsible for this iniquitous working of the law. He refused during the session of the last legislature to sign the Frost bill which aimed at destroying double taxation. As a matter of fact he vetoed the bill. Can any Democrat, any farmer or any voter of any kind support Mr. La Follette in his efforts to be re-elected to the high office of governor.—Manitowoc Pilot, Democratic.

The following pointed criticism of the La Follette taxation scheme is from the pen of Capt. J. N. Stone of the Neenah Times:

"Gov. Robert M. La Follette has been posing as a great reformer, with statesmanship and wisdom as a state executive, and an expert in the matter of taxation. But while Gov. La Follette's war cry has been to 'tax the railways,' his law has virtually exempted these corporations but doubled the taxes on individuals. He had a law enacted creating an uncalled for office, that of supervisor of assessment for each county, an expensive, unnecessary arbitrary official. The result has been to increase the taxes of the poor man or man of moderate means, while the giant corporations are left off with a nominal raise—any. This is what La Follette calls 'reform.' The Germans of Manitowoc cried aloud against his palpable injustice, and that and other cities, including Neenah, have passed resolutions virtually declaring Gov. La Follette's 'reform' scheme of taxation a fake and visionary, and calculated to work against the interests of the state of Wisconsin by driving capital therefrom. The law is one that operates as a reward to the bold and unscrupulous, and to punish the honest and helpless. It is a burden on the aged and dependent. It is a 'reform' law with a vengeance. The law is impracticable, and it is no wonder that the people are awakening to its iniquities. The tax payers are studying this piece of 'reform' taxation, and the more they study it the more determined they become to wipe out the law and its author. This is a question that concerns every man, woman and child in Wisconsin, as all must suffer from a law imposing an unjust tax on the poor and middle classes."

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by Johnson & Hill Co. and Wood County Drug Co.

Library Notice.

Miss Rablin, the librarian at the Scott Free library, wishes it known to all patrons of that institution that after September 1st cards will not be transferable. That is, you cannot draw a book on a card belonging to a friend. This action has been made necessary on account of the trouble that is often occasioned by a book being taken out on a borrowed card and if the book becomes overdue the notice of the delinquency goes to the owner of the card and not to the party who has the book. This naturally causes trouble and has led to the discontinuance of transferring cards as noted above.

SUPERVISOR OF ASSESSMENTS

His work being got into shape for the Board of Supervisors.

We called at the office of Attorney J. W. Cochran recently in quest of such information as he might be willing to give out concerning the work of his office as Supervisor of Assessments for this county.

We were very much interested in the record which he is preparing in the nature of an Abstract of Assessments.

Mr. Cochran procured from the county clerk at the beginning of his term, an unused volume of records called "Abstract of Tax Sales" and with very little modification, erasing the words "Tax Sales" and inserting the word "Assessment" over each column he has constructed a very convenient book, of double pages ruled for twelve years work, wherein he has inserted every description, except city and village lots in the county, each town by itself, and at the commencement of each town a full and complete map of the same.

Opposite each description and beginning with the year 1900, he has inserted the assessors valuation of each quarter section of land in the county.

Before the next meeting of the County Board of Supervisors the book will contain three years assessments opposite each description beginning with the year 1900, 1901 and 1902. With blank column left for nine years to come.

There is also a blank space of two lines between each of the descriptions for notes as to character of soil, lay of the land, nature of improvements, etc.

The law creating the office gives the supervisor of assessments access to all records, file books and papers in the county and requires him to visit each town and assessment district personally at least once in each year and contemplates that he shall thoroughly qualify himself to such an extent as to be able to make a re-assessment of any town, city or village in the county if ordered to do so by the county board. To that end it can be easily seen that this Abstract of Assessments will be of great value and assistance to such officer as well as to the County Board of Supervisors and the committee on equalization.

We were also shown the type written lists of mortgages recorded in this and other counties which are owned by residents of this county and assessable here. Duplicate copies of these lists have been furnished to the several assessors and Boards of Review of the assessment precincts where the owners reside. As a rule the lists contain full information as to each security: name of owner, name of maker, date of mortgage, volume and page of record and the amount.

The work of the office also involves an extensive correspondence, not only with the different Supervisors of Assessments throughout the state, but also with the several assessors in the county and with the State Tax Commission. All of which correspondence is properly indorsed, dated and filed away in its order.

Mr. Cochran has also visited since the middle of May last, every town, city and village in the county, some of them more than once and has driven over and personally inspected some sections of the county which only a few years since was a complete wilderness.

He has also met with several of the different Boards of Review and finds that he is only just commencing to realize the vast amount of labor connected with the position.

The amount of mortgages and other securities which have thus far come to light for assessment is, in the aggregate, of \$475,756.00, but little if any part of which has ever been upon the assessment rolls. Of this aggregate sum there is on record in

Wood county.....	\$167,582.00

Mr. Cochran informs us that he has examined the records in this county for mortgages, only as far as requested and as names have been furnished to him for that purpose by several assessors. That he has not found time to do more than this, in that respect.

The County Board of Supervisors did not vote to provide him an assistant as was done in many counties and except for the fact that he has employed the services of a stenographer at his own expense he could not have accomplished one-half of the work which has already been done in the office.

Mr. Cochran's well known freedom from political aspiration, his independence of character and his long experience as a member of the County Board of Supervisors, especially fit him for the faithful performance of the onerous and perplexing duties of this office and we fully believe that whatever the merits of the controversy may be as to the justice of assessing mortgages and other securities for purposes of taxation that much good in a general way will be accomplished as a result of the creation of this new office.

It gives the several assessors and Boards of Review somebody to fall back upon for advice, counsel and direction.

Man and His Horse.

Every man should, for himself, his family and his horse, keep on hand some antiseptic, healing dressing that will quickly relieve pain; subdue local inflammation; heal scratches, chafes, chaps, cuts and open wounds; cure bruises, burns, scalds, frostbite, galls and sores; relieve strains, sprains, swellings, muscle soreness, stiff or lame back or neck, rheumatism, neuralgia, the little hurts of childhood, and the accidents and ails of every day life.

Such a remedy is Greene's Infallible Liniment, an honest medicine made to sell on its real merits and give such satisfaction as to make friends and keep them. It is equally good for man or beast. Once introduced into the home, the stable, the gymnasium or the training quarters, it becomes a standby to be used with confidence. A bottle of it is its own best advertisement and all the proof of its utility and merit required. All who use it speak well of it.

"There is no better article for general use in a world of good. I shall always have a supply on hand for use." W. A. Lange, ex-fighter C. B. B. Club.

"I have found from experience that Greene's Liniment is one of the best." F. S. Gordon.

"I consider Greene's Liniment valuable for muscle soreness, sprains, bruises, wounds, galls and scratches. It is economical because only a little is required. My experience justifies me in giving it strong endorsement." Albert H. Merrill.

Mr. Wm. R. Wylie, Supt. Caton Stock Farm, Will County, Ill., writes:—"I have used nearly every liniment on the market but find yours is a class by itself. It does all you claim for it."

Mr. Judd E. Bisbee, Chicago, says:—"I have kept your liniment in my house for years in all instances proven satisfactory to my family and myself."

"I have used Greene's Liniment on my horses and find it excellent." E. A. Lord, Chicago, Ill.

"Has given far better results than any liniment we ever used." W. H. Flagg, Palatine, Ill.

"I have used Greene's Liniment and like it. It will remove soreness and help lame horses." Vance Nuckols, Greenville, Ohio.

"There is no better article for general use than Greene's Liniment." George E. Mason, Chicago, Ill.

"I have used Greene's Infallible Liniment on sore tendons, wind puffs and scratches with the very best results." Wm. H. Green, St. Charles, Ill., to prove its worth, send a large free sample in return for this advertisement and 10c. to cover cost of mailing. The regular price is 25cts., 50cts. and \$1.00 a bottle.

Grateful Bookkeeper.

Mr. Steve Schilling a bookkeeper of Lincoln, Ill., states: "As a user of Re-Go Tonic Laxative Syrup, I wish in a small way to show my gratitude for the good it has done me. I have been a sufferer from constipation and my digestion has been impaired, causing Heartburn and sometimes Sick Headache and Biliousness. Since I began taking Re-Go Tonic Laxative Syrup I have had none of these troubles. The Laxative effect is truly the most pleasant that I have ever experienced, mild but sure, without the gripping effect so common with such remedies. Re-Go is certainly a wonder. Sold by Sam Church, druggist."

Mr. and Mrs. E. W. Ring left for Tampa, Florida, and Havana, Cuba, on Tuesday night. They will go via Kankakee, Ill., and Cincinnati. From Cincinnati south they go over the Cincinnati Southern the "Queen and Crescent Route," the most costly piece of railroad in America. Here you find 364 miles of railroad which takes you through 27 tunnels. Also on the route is the famous "Blue Grass Region of Kentucky," passing through the city of Lexington and over the "High Bridge" (one of the highest in America) which spans the Kentucky river. From here to Chattanooga is a beautiful stretch of mountain country, at Chattanooga they arrive Thursday at about 6 p. m. Here they expect to stop and visit the U. S. Military Reservation at Chickamauga and Look Out Mountain, where two of the decisive battles of the late rebellion were fought. Leaving Chattanooga the next evening they go over the Southern Railway via Atlanta and Macon, arriving at Jacksonville the next morning and at Tampa that afternoon. Here they expect to spend a few days before continuing their journey to Cuba, returning to Pittsville about the 21st.

IT'S BOUND TO MOVE!

We refer to the stock of goods that we recently purchased from Corriveau & Garrison. There has been

IMMENSE SALES

during the past two weeks in spite of the hot weather, but we want to keep right on disposing of the stuff as rapidly as possible in order to make room and in order to do this we are making some of the greatest bargains that it has ever been our luck to offer to the people. It will now be

ONLY A FEW WEEKS

until we commence to get in our winter goods and you know what that means if you have been in the habit of trading at our store.

ESTABLISHED IN 1876.
